

# COVID-19

## A Message From The Evive Family To Yours

During these exceptional times, I wanted to make it clear that we are here for you.

We have the privilege of being able to provide over 10,000 people every day with a nutritious and convenient meal. The ability to empower people to get more from life through healthy eating is our mission, and we have every intention to continue to pursue it.

Please rest assured that here at Evive, nothing is more important to us than the health and well-being of our community. Our delicious smoothies are tested, guaranteeing undeniable quality. All our teams are working homogeneously together, and are taking the necessary cautionary measures to eliminate any risks.

We recognize that we are in a position to support the collective healing of COVID-19. During this time, we are committed to serving our customers and their families with delicious and easy-to-make smoothies. We will continue to care for our employees, throughout this challenge as well.

As I see all the inspiring work from leaders in various industries and communities, our duty is to unite and be the shining light during this storm.

Remember: this too shall pass.

Sending you and your family wellness and positive energy, always.
