They come as easy-to-install strips, adhere to any smooth surface and can be removed with no damage whatsoever...and then re-installed again.

Event Set-up

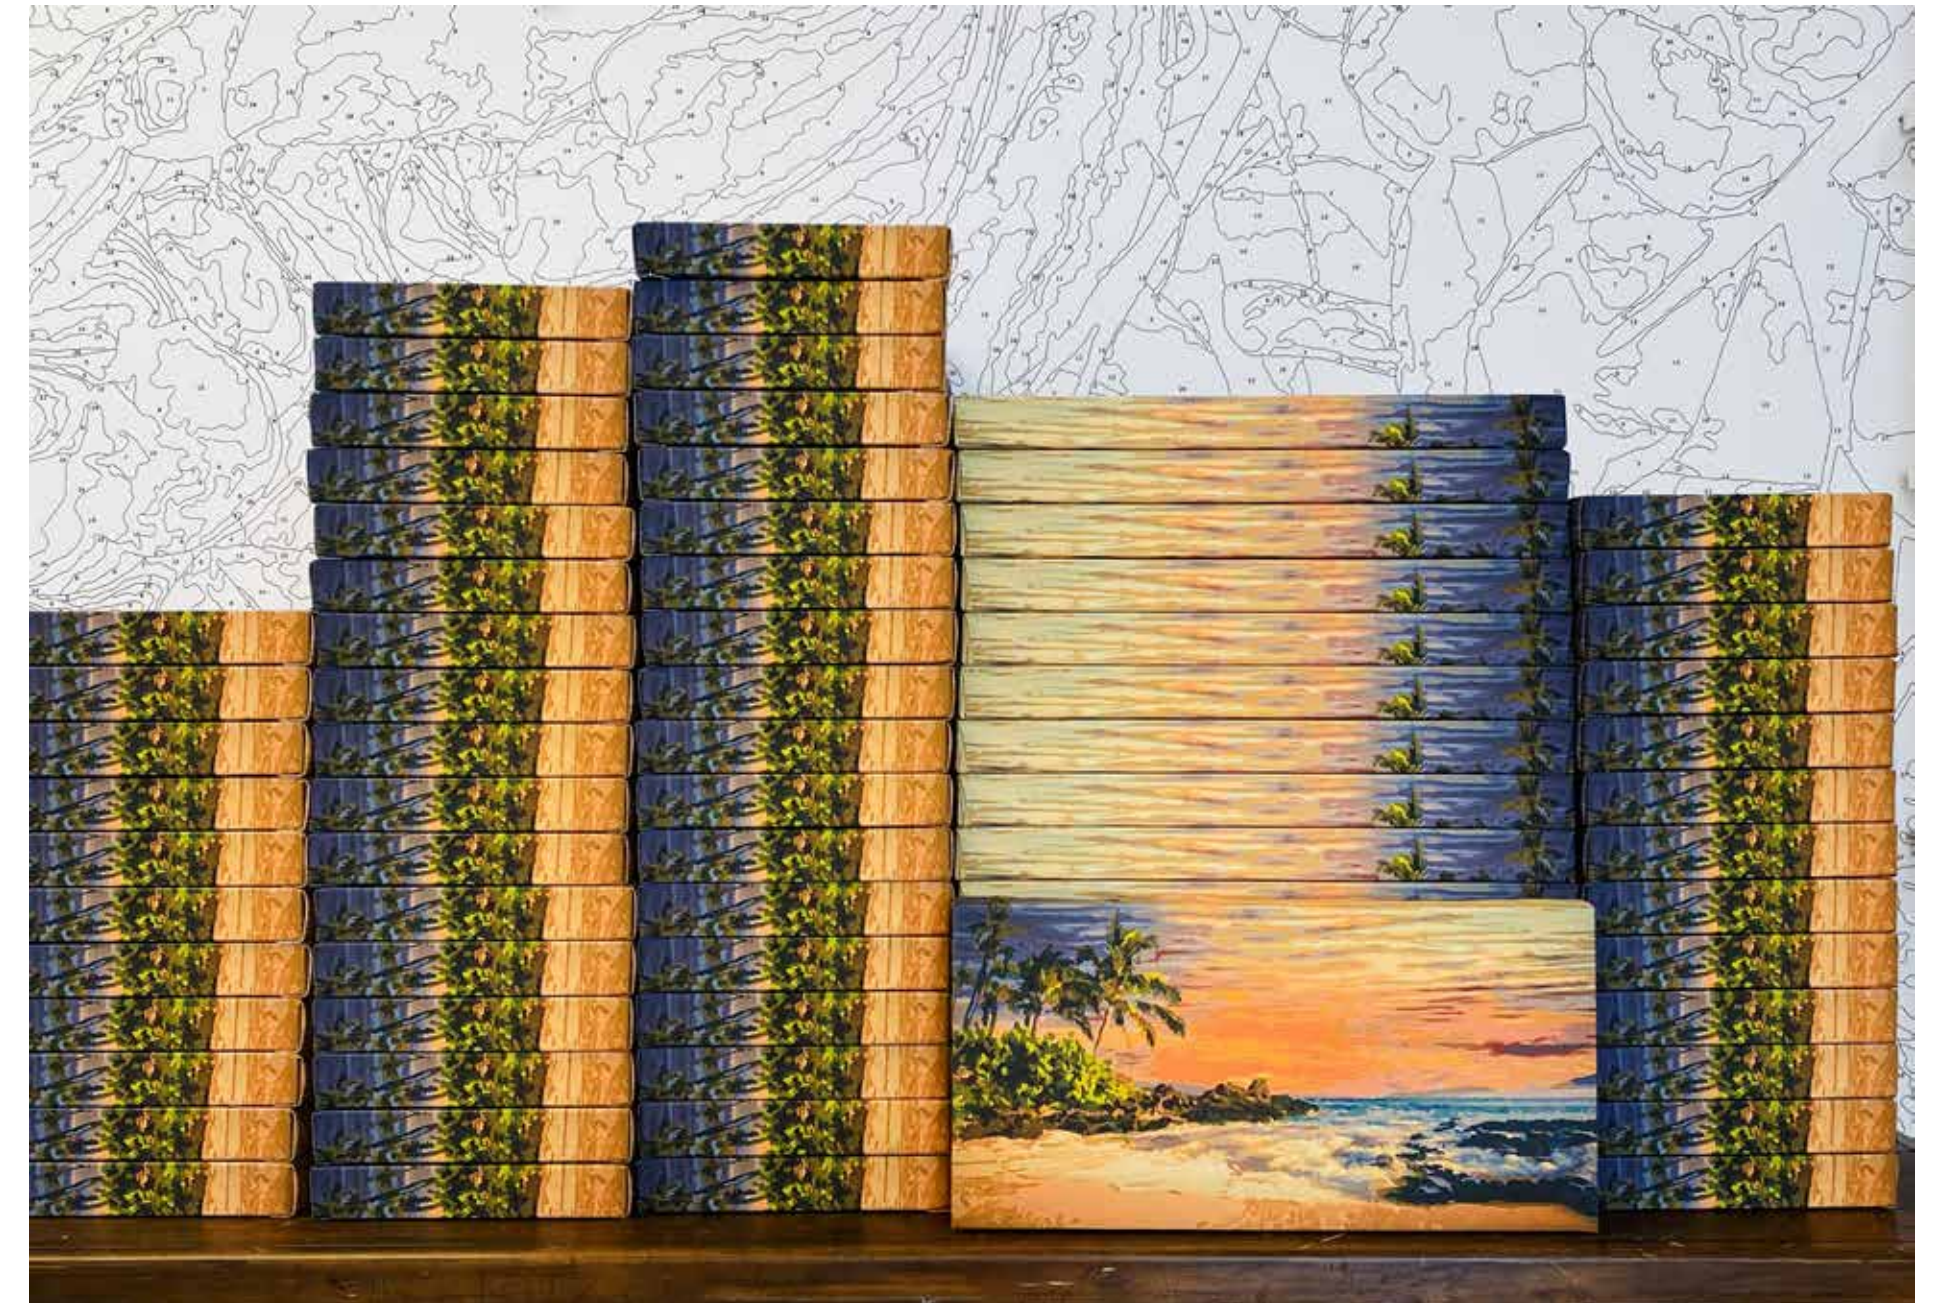

Facilitation

We offer facilitation + installation for certain events at a rate of \$100USD/hour plus travel expenses (ferries, flights, transportation, accommodation, travel time + per diem for food) if we're available. This includes at least two facilitators. In order to officially book us for the dates you're requesting, payment is due in full. We cannot guarantee that we'll be available to facilitate the event if we haven't received payment, as other events do come up and we have a small (but mighty) team. Alternatively, we have a facilitation video that we will send along and you can have your team or a hired facilitator run the activation.

Fine Art Prints

For participants who collaborated on the piece! \$8USD- \$38USD per print depending on the size, type of material used (paper, vinyl or canvas) and whether you would like the prints stretched onto a wooden frame or not.

Add a custom branded border around your Paintillio for added impact.

PAYMENT

We accept credit card or wire transfer only, no checks.

IMAGE FORMAT

In terms of an image, PNG or Vector files are preferred for graphic images and high res JPG is preferred for photographs. You'll want to make sure your image is cropped to the same format ratio as your mural. For example, if your mural is 10'w x 5'h your image ratio should be 2:1. We can help with this on our end too.

If you're having a graphic artist create the image for your mural, we recommend that they use our Paintillio Palette to ensure that the colours they choose will be perfectly represented in the end product. Please let us know if you'd like us to send this to you :)

PRE-PRINTING

We have a free pre-printing option available that you may like to take advantage of, depending on the amount of detail in your image. Basically we can pre-print some of the less-exciting colours on your Paintillio as a way to "get the party started", illustrate the concept and most importantly help the project towards completion.

Please let us know if you have any other questions or would like to jump on a call.

Thanks + high fives!

Let's bring your people together to celebrate, create, and collaborate.
