Bass Drum Practice Pad

The Bass Drum Pad is 250mm wide, specifically designed to sit flat on the bass drum head, eliminating any bouncing effect. The key feature of this Bass Drum Pad is it will fit on flanged hoops, commonly found on entry level kits or remove the sleeve on the clip holder and it will fit on any wooden hoop commonly found on mid-high level kits. The Bass Drum Pad can adjust to any size bass drum from 16" to 26".

| | | |
|-------------|-----------------------------|---------|
| SP-PAD-BASS | SLAM BASS DRUM PRACTICE PAD | \$29.95 |
|-------------|-----------------------------|---------|

SP-PAD-CYM

Cymbal Practice Pads

Made from rubber and designed to sit directly on top of the cymbal to mute the sound. Mounted on the cymbal stand to stop slippage, use one of the three holes to adjust to cymbal height. Pad size is 335mm x 183mm.

| | | |
|------------|--------------------------|--------|
| SP-PAD-CYM | SLAM CYMBAL PRACTICE PAD | \$7.95 |
|------------|--------------------------|--------|

Mute Pad Sets

Designed to sit on top of drumheads to reduce up to 95% of the drum sound. Made of rubber, each pad is manufactured to fit inside the drum head rim, holding pad in place. Includes Bass Drum Pad & Cymbal Pads as specified above.

PACKS
