ZETHUS SERIES

PROFESSIONAL LINE ARRAY SYSTEM

ZETHUS Series

The SOUND TOWN ZETHUS series compact line array system is engineered to define the new standard of sound quality. It offers massive output without distortion even at extreme volume while its low profile form factor takes a small foot print on the stage.

The ZETHUS series consists of full range line array speakers (dual 5"/8"and 10", single 10" and 12") and their matching subwoofers (15"/18"/dual 15" and dual 18"); when combined together, the PA system can offer crisp highs and punchy bass incredibly. There are also powered version available, the equipped high performance Class D amplifier with built-in onboard DSP ensures you to have the correct sound always on different applications.

Optional U brackets, flying frame and mounting poles are available separately for different installation purposes.
