- » Pulleys and acorns are included as standard across the range
- » All pulleys feature our unique Stainless Steel bracket system
- » The base recommended is shown. Circumstances might require a different weight or holding system
- » All measurements are based on parasols without valances
- » Every attempt has been made to standardize our production process and materials but all measurements are approximate
- » We reserve the right to make changes to materials and specifications without notification
- » ¹ This is a measure over the top of the parasol, on any of the round parasols this is approximately equal to the longest strut x 2
- » The total height of the Parasol includes the thickness of the base.
