

# LIFE SCIENCE, VOLUME 1

## TABLE OF CONTENTS

### CHAPTER ONE — MEASUREMENT & SCIENTIFIC METHOD

TOPIC A: Systems of Metric Measurement	
PART 1: Prefixes and Units.....	1
PART 2: Length.....	1
PART 3: Volume.....	2
PART 4: Mass.....	3
PART 5: Temperature.....	4
TOPIC B: Scientific Method: Experimentation and Investigation	
PART 1: What is the Scientific Method?.....	5
PART 2: Data Collection and Procedures.....	7
PART 3: Data Analysis and Formulating Models.....	23
PART 4: Laboratory Process and Safety.....	32
TOPIC C: Science and Technology.....	35
TOPIC D: Chapter Knowledge	
PART 1: Matching Questions.....	37
PART 2: Fill-in-the-Blank Questions.....	39
PART 3: True/False Questions.....	40
PART 4: Chapter Vocabulary.....	41

### CHAPTER TWO — CELLS -- THE BASIC UNIT OF LIFE

TOPIC A: Microworlds	
PART 1: Microscope Field of View.....	45
PART 2: Cell Theory.....	49
PART 3: Cellular Basis of Life.....	52
TOPIC B: Cell Structure and Function	
PART 1: Generalized Cell Structure.....	53
PART 2: Cellular Functions	
◆ Membrane Functions.....	57
◆ Cellular Respiration and Photosynthesis.....	60
◆ Nuclear Functions.....	66
TOPIC C: Comparison of Plant and Animal Cells.....	70
TOPIC D: Cell Growth and Reproduction	
PART 1: Growth, Tissue Repair, and Mitosis.....	74
PART 2: Asexual Reproduction.....	80
PART 3: Meiosis and Sexual Reproduction.....	82
PART 4: Chromosome Number.....	85
TOPIC E: Multicellular Organization.....	86
TOPIC F: Chapter Knowledge	
PART 1: Matching Questions.....	88
PART 2: Fill-in-the-Blank Questions.....	94
PART 3: True/False Questions.....	105
PART 4: Chapter Vocabulary.....	108

### CHAPTER THREE — STUDY OF LIFE -- MICROSCOPIC ORGANISMS

TOPIC A: Traits of Living Things.....	115
TOPIC B: Systems of Classifying Living Things	
PART 1: Methods of Classifying Life	
◆ Grouping Organisms.....	117
◆ Pioneers in the Field of Classification.....	121
◆ Dichotomous Keys.....	122
PART 2: Six Kingdom Classification System and Binomial Nomenclature	
◆ Kingdoms.....	128
◆ Phyla (Divisions), Classes, Orders, and Families.....	131
◆ Genus, Species, and Scientific Names.....	132

TOPIC C: Viruses and Bacteria	
PART 1: Viruses	
◆ Structure and Reproduction.....	134
◆ Types and Interactions .....	135
PART 2: Bacteria (Eubacteria and Archaeobacteria)	
◆ Structure and Reproduction.....	136
◆ Types and Interactions .....	139
TOPIC D: Protists .....	140
TOPIC E: Chapter Knowledge	
PART 1: Matching Questions .....	145
PART 2: Fill-in-the-Blank Questions.....	147
PART 3: True/False Questions.....	152
PART 4: Chapter Vocabulary .....	153

## **CHAPTER FOUR — STUDY OF LIFE -- FUNGI AND PLANTS**

TOPIC A: Fungi.....	159
TOPIC B: Simple Non-Vascular Plants	
PART 1: Algae (See also Chapter 2, Topic D) .....	164
PART 2: Lichens.....	165
PART 3: Other Nonvascular Plants.....	166
TOPIC C: Types of Vascular Plants	
PART 1: Comparison of Nonvascular and Vascular Plants.....	167
PART 2: Seedless Plants -- Ferns, Horsetails, and Club Mosses .....	168
PART 3: Seed Plants	
◆ Gymnosperms .....	170
◆ Angiosperms .....	173
PART 4: Plant Identification From a Key.....	178
TOPIC D: Structures in Plants and Their Functions	
PART 1: Roots .....	182
PART 2: Stems, Trunks, and Rhizomes .....	185
PART 3: Leaves .....	189
PART 4: Flowers.....	196
TOPIC E: Life Cycles of Plants	
PART 1: Life Cycle of Nonvascular Plants .....	198
PART 2: Life Cycle of Seedless Plants.....	200
PART 3: Gymnosperm Life Cycle	
◆ Pollination and Fertilization .....	201
◆ Cones and Seeds.....	203
◆ Germination.....	204
◆ Growth Cycles.....	206
PART 4: Angiosperm Life Cycle	
◆ Pollination and Fertilization.....	207
◆ Fruit and Seeds.....	210
◆ Seed Dispersal and Germination.....	212
◆ Vegetative Reproduction.....	213
PART 5: Plant Hormones, Nutrition, Growth, and Tropisms .....	216
PART 6: Plant Adaptations to the Environment .....	219
TOPIC E: Chapter Knowledge	
PART 1: Matching Questions .....	222
PART 2: Fill-in-the-Blank Questions.....	228
PART 3: True/False Questions.....	237
PART 4: Chapter Vocabulary .....	240

## **CHAPTER FIVE — STUDY OF LIFE -- INVERTEBRATE ANIMALS**

TOPIC A: Characteristics of Animals.....	245
TOPIC B: Classification of Simple Invertebrates	
PART 1: Sponges .....	247
PART 2: Cnidarians .....	251

PART 3: Worms	
◆ Introduction to Worms.....	255
◆ Flatworms.....	256
◆ Roundworms – Nematodes.....	259
◆ Segmented Worms – Annelids.....	262
TOPIC C: Classification of Complex Invertebrates	
PART 1: Mollusks.....	267
PART 2: Echinoderms.....	274
PART 3: Arthropods	
◆ Characteristics of Arthropods.....	278
◆ Crustaceans.....	279
◆ Arachnids.....	282
◆ Myriapoda.....	283
◆ Insects.....	284
TOPIC D: Social Behavior of Insects.....	296
TOPIC E: Chapter Knowledge	
PART 1: Matching Questions.....	297
PART 2: Fill-in-the-Blank Questions.....	300
PART 3: True/False Questions.....	304
PART 4: Chapter Vocabulary.....	305

# LIFE SCIENCE, VOLUME 2

## TABLE OF CONTENTS

### CHAPTER SIX — STUDY OF LIFE - VERTEBRATE ANIMALS

TOPIC A: Warm-Blooded Versus Cold-Blooded Vertebrates .....	307
TOPIC B: Classification of Vertebrates	
PART 1: General Questions .....	309
PART 2: Fish .....	310
PART 3: Amphibians .....	313
PART 4: Reptiles .....	315
PART 5: Birds .....	317
PART 6: Mammals .....	322
TOPIC C: Animal Behavior	
PART 1: Innate Behavior .....	335
PART 2: Learned Behavior .....	337
PART 3: Cyclic Behavior .....	339
PART 4: Social Behavior .....	342
TOPIC D: Chapter Knowledge	
PART 1: Matching Questions .....	343
PART 2: Fill-in-the-Blank Questions .....	346
PART 3: True/False Questions .....	355
PART 4: Chapter Vocabulary .....	357

### CHAPTER SEVEN — ANATOMY & PHYSIOLOGY -- THE HUMAN BODY

TOPIC A: Body Systems .....	359
PART 1: Skeletal System .....	360
PART 2: Muscular System .....	368
PART 3: Epidermal System .....	372
PART 4: Respiratory System .....	374
PART 5: Circulatory System .....	378
PART 6: Endocrine System .....	391
PART 7: Nervous System and the Senses	
◆ Nervous System .....	393
◆ The Five Senses .....	399
PART 8: Reproductive System and the Human Life Cycle	
◆ Reproductive System .....	402
◆ Fertilization, Fetal Development, and Birth .....	405
◆ Stages of Human Development .....	409
PART 9: Digestive System .....	409
PART 10: Excretory System .....	418
TOPIC B: Diseases and the Immune System	
PART 1: Immune System .....	421
PART 2: Spread of Diseases .....	425
TOPIC C: Drugs and Dependence	
PART 1: Types of Drugs .....	427
PART 2: Effects of Drugs on the Human Body .....	428
PART 3: Drug Abuse and Addiction .....	429
TOPIC D: Food and Nutrition	
PART 1: Nutrition and a Healthy Diet .....	430
PART 2: Effects of Malnutrition .....	433
TOPIC E: Exercise and Hygiene .....	433
TOPIC F: Chapter Knowledge	
PART 1: Matching Questions .....	435
PART 2: Fill-in-the-Blank Questions .....	438
PART 3: True/False Questions .....	462
PART 4: Chapter Vocabulary .....	467

## CHAPTER EIGHT — HEREDITY & GENETICS

TOPIC A: Introduction to Genetics	
PART 1: Mendel's Experiments .....	473
PART 2: Traits, Genes, and Alleles .....	474
TOPIC B: Punnett Squares	
PART 1: Heterozygous and Homozygous .....	478
PART 2: Complete (Simple) Dominance .....	480
PART 3: Incomplete Dominance and Codominance.....	484
PART 4: Phenotype and Genotypes .....	486
TOPIC C: Parents, Offspring, and Heredity	
PART 1: Heredity and Genetic Factors.....	490
PART 2: Human Pedigrees .....	492
PART 3: Sex-linked Traits .....	494
TOPIC D: Mechanisms of Genetic Variation .....	495
TOPIC E: Biotechnology	
PART 1: Controlling Inheritance in Agriculture	
◆ Selective Breeding .....	497
◆ Genetic Engineering.....	499
◆ Pros and Cons of Genetically-Engineered Food .....	501
PART 2: Medical Application and Scientific Research .....	502
TOPIC F: Chapter Knowledge	
PART 1: Matching Questions .....	503
PART 2: Fill-in-the-Blank Questions.....	506
PART 3: True/False Questions.....	513
PART 4: Chapter Vocabulary .....	517

## CHAPTER NINE — ECOLOGY

TOPIC A: Ecosystems	
PART 1: Habitats, Populations, and Communities	
◆ Abiotic and Biotic Factors.....	519
◆ Resources and Carrying Capacity .....	521
◆ Niches and Habitats.....	523
◆ Populations and Communities.....	524
◆ Biospheres and Ecosystems .....	526
PART 2: Interactions Between Organisms	
◆ Types of Interactions.....	527
◆ Interdependence and Stability .....	534
PART 3: Food Chains, Webs, and Pyramids	
◆ Food Chains, Webs, and Pyramids.....	536
◆ Energy Distribution.....	551
◆ Biological Magnification.....	552
PART 4: Cycles in the Ecosystem	
◆ Water Cycle.....	553
◆ Carbon and Oxygen Cycle .....	557
◆ Nitrogen Cycle .....	561
PART 5: Changes in the Ecosystem	
◆ Ecological Succession.....	562
◆ Extinction and Conservation.....	566
◆ Habitat Destruction .....	568
TOPIC B: Biomes	
PART 1: Distribution of Biomes and Species .....	571
PART 2: Characteristics of Major Biomes	
◆ Tundra .....	572
◆ Coniferous Forests .....	573
◆ Deciduous Forests .....	575
◆ Grasslands .....	576
◆ Desert .....	578
◆ Tropical Rain Forest.....	579

◆ Freshwater .....	581
◆ Saltwater .....	583
PART 3: Comparisons of Biomes.....	585
TOPIC C: Humans and Their Relationship to the Environment	
PART 1: Human Impact on Earth's Resources	
◆ Agriculture and World Hunger.....	587
◆ Industry.....	589
◆ Human Societies Throughout History .....	591
◆ Human Population Boom.....	591
◆ Economics and Government Policy.....	592
PART 2: Pollution	
◆ Air Pollution and the Greenhouse Effect.....	594
◆ Acid Rain.....	595
◆ Water Pollution and Runoff.....	597
◆ Noise and Light Pollution.....	599
◆ Ozone Depletion .....	600
◆ Nuclear and Hazardous Waste.....	601
PART 3: Resource Use and Disposal	
◆ Renewable, Non-renewable, and Inexhaustible Resources .....	602
◆ Water Usage, Purification, and Desalinization .....	603
◆ Trash Disposal .....	604
◆ Recycling and Conservation .....	606
PART 4: Sources of Power.....	607
TOPIC D: Chapter Knowledge	
PART 1: Matching Questions.....	611
PART 2: Fill-in-the-Blank Questions .....	613
PART 3: True/False Questions .....	620
PART 4: Chapter Vocabulary.....	622

## **CHAPTER TEN — EVOLUTION**

TOPIC A: Charles Darwin: Theory of Evolution.....	625
TOPIC B: Evidence for Evolution	
PART 1: Structural Evidence.....	626
PART 2: Fossil Evidence.....	630
PART 3: Geographical Distribution of Organisms.....	631
TOPIC C: Mechanisms of Evolution	
PART 1: Natural Selection .....	633
PART 2: Variations and Mutations.....	637
PART 3: Migration and Isolation.....	638
TOPIC D: Rate of Evolution .....	639
TOPIC E: Human Ancestry and Types of Evolution .....	642
TOPIC F: Chapter Knowledge	
PART 1: Matching Questions.....	644
PART 2: Fill-in-the-Blank Questions .....	645
PART 3: True/False Questions .....	646
PART 4: Chapter Vocabulary.....	646
