Large - Pieces below: 25cm x 25cm x 25cm \$8 per piece

Anything larger than this will require an individual quote

Important notes:

There is a 3 week turn-around for this service for each firing.

Creations must be dropped to the Mystery Creek Ceramics Shop during opening hours.

Creations need to be packed in sturdy boxes that are either closed or have lids with sufficient packaging around the creations. Care will be taken with the boxes but all damage in transit is the responsibility of the customer and no refunds will be provided for transit damage. Creations must be marked with a recognizable mark so orders aren't mixed up.

There is a \$40 fee if any glaze (when applied by customer) runs onto the kiln shelves.

We can fire clay and glazes not purchased in store but it is absolutely essential that you can identify the clay or glaze brand, type and firing temperature. We cannot fire unknown clay or glaze as this could damage our kiln and kiln repairs can vary from \$40 to \$400. Any damage caused to the kiln is the responsibility of the piece holder and you will be charged upon collection of pieces.
