

Old Nebbercracker Spiced Holiday Ale (All Grain)

Alas! Holiday cheer fills your soul as you imbibe in this delightful spiced ale, and with your first sip of this tawny-brown beauty, you'll be carried away to Victorian London, where you'll hear the clippity-clop of horse hooves over the cobbles as the feathery snowflakes fall through the shadows and gaslight and paint the streets white. For what better a way to celebrate the season than with this spirited winter wassail, with its animated mix of roasty malt, caramel and biscuits, all handsomely spiced with cinnamon, ginger and Curacao orange? Indeed, between this brew's rich malty balance and lively spice aromas, the first sip will be proof enough that celebration is here!

Liquid Yeast Activation Before Brewing:

If you are fermenting with liquid yeast, you must activate the yeast packet before it is ready to pitch. Always check the manufacturing date stamped on the yeast packet. Yeast that is less than 1 month old may be activated on brew day. A yeast that is more than 2 months old may require additional preparation time. Always make sure your yeast has been properly activated before using. For more information about yeast starters, please visit the 'Frequently Asked Questions' section on boomchugalug.com.

Preparing the Spice Potion: Place the spices in a jar with 1 cup of vodka. Screw on a tight fitting lid and steep the spices until bottling time.

Note: Don't hesitate to use the least expensive "rot-gut" vodka you can find. The vodka quality does not affect the spice potion quality.
