

BullDogPro Water Blasters

Gas engine powered Hot Pressure Washers, diesel fired.
 performance, durability, reliability, serviceability, long-term-low-cost UN-matched.

We deliver Hot water to 200°F under pressure, with industrial rated engine, and an attitude towards removing "that which must come off the surface"...

No machine compares in long term low cost, ease of maintenance, or ease of troubleshooting. Our choice in components is made by our engineering and service departments working together for over 20 years. You will be impressed.

Heater Coils on our systems last 12 to 14 years...
 Double the competition

With our control system, 12v burners can go 4 years on one H.V. igniter...
 That's 3+ times the competition !

13hp version only weighs 425 lbs and can easily fit into an elevator !

8" airless casters on front, 15" Pneumatics that won't go flat are available on the back. Other wheel options are available.

Super Lo-Tone muffler keeps motor ultra quiet

System shown has an optional hose reel, and is the #PHG5-4000

All our frames are sandblasted, primed and powder coated for the look and durability you want Long term.

Beefier AND lighter weight are safer for portability.

Easy access to everything is our style. ... "fancy shrouding" is available, just ask !

Convenient oil-drain for quick oil changes and other features improve ease of maintenance.

ump seals can last 3 to 4 years. ...it's about how we plumb the bypass system.
