

SGV vertical Portable version Gas engine vacuum systems

The Sirocco™ SGV series vacuums are the most affordable, effective, multi-function vacuum systems on the market. Whether you're cleaning tile floors, parking garages, or reclaiming wash water from a fleet wash, the **SGV** gas engine vacuums perform the job quickly and efficiently. ...it's all about **work-speed...** for the best possible **profitability!** Here, we add **portability!**

Ultra quiet and dependable **Vanguard** or **Subaru** motors provide years of reliable service. Electric start is optional on 7 to 13hp versions, standard on 16hp and larger.

Waste Recovery Tanks are **D.O.T. approved "waste-hauling drums"**, sand-blasted, **rust protected** and powder-coated to maintain abuseability, and good looks for years. Snap-lock lid and beefy handles are as sweet as the extra heavy duty tank adapters.

For Wet Vacuuming..
and the debris collected in wet-cleaning applications..
NOT for flammables or combustibles...
Call with any question.
NOT For use around children... nor adults which act like children.

Auto-pump-out in each tank is capable of up to 30 gpm against the vacuum!
and **each tank has dual inlets!**

Our latest addition.. is the hi-temp hoses on the vacuuming surface cleaner for use with water over 200 degrees F.

Super powerful, **Tuthill Industrial vacuums** create industrial strength suction to quickly vacuum all surfaces.

The patented **VacuBerm** is inexpensive, lightweight and very durable. It even picks up water on **rough** surfaces.

Triple step powder-coated frame... it will be easier to maintain, and will look nice for 10 to 20 years!!!

Please READ THIS... About the CFM rating...
The reason we don't cut corners on Hp per CFM's...
The extra HP **delivers** the cfm's through a **longer 2"** hose
Any of the systems at the right can collapse a 55gl drum!
This is why we use 30gl XHD waste-hauling drums, and our 13hp vac can out-perform most 35hp carpet systems!
With our equipment, EVERY demo is a compelling demo!
