

BullDog Pro Water Blasters

Diesel engine powered Pressure Washers
performance, durability, reliability, serviceability, long-term-low-cost. UN-matched.

with Vanguard Industrial diesel engines, in **Cold or Hot water** versions diesel fired heater, and an attitude towards removing "that which **must** come off the surface".
 These systems are modular in design for simplistic configuration, better trailer balance and serviceability.
No machine compares in "long term low cost", ease of maintenance, or serviceability...
 Our **engineering and service departments work together.** You will be **impressed, long-term.**

Beckett Burners provide the heat to the industry's **most efficient** heaters in their class. These modular configurations have the **MOST accurate controls and safety** devices in this industry.

Reliable, **easy-starting** industrial duty **Kohler**, Kubota or Yanmar Diesel engines come with low oil shutdown, overheat protection, and a solid warranty. Call for details.

Cabinetry is optional... Ultra-quiet operation and "severe" weather-proofing are available in stainless steel, aluminum, or powder coated steel frame with beefy ABS panels...
 Have it **YOUR way!**

All **BullDog PRO™** frames are sandblasted, **primed** and **powder coated** for the look and durability you want.

System is shown with many options, and many more are available...

We specialize in custom systems.

Easy access **oil-drain** for quick oil changes and improved maintenance.

Convenient throttle controls and **electric start** are standard. Many many options are available

BEEFY Rubber Feet absorb vibration for smooth operation and long life and include mounting hardware.

Industrial-grade, heavy duty triplex pump systems with **forged brass head, bronze alloy rods**, Large capacity oil-bath and **ceramic plungers** are all about durability. We add high-flow feed lines, high-capacity clear-bowl filter assemblies, free flowing corrosion resistant fittings, and high volume bypass system for **abusability**.

All systems over 7gpm incorporate DUAL pumps, for durability, lower cost seal kits, and easier to feed fluid dynamics all lend to **longer-term-lower-cost.**

Fuel Cells are available in dozens of types, shapes and sizes, plastics and metals, many with QC's for easy removal.

COLD VERSIONS	GPM	PSI	HP	HOSE	HOT VERSIONS	GPM	PSI	HP	HOSE
