Here is a fun take on everyone's favorite board game - Scattergories! There are 4 game cards included. All you need to do is print out as many copies as you need for the number of players you have and you're all set. If you enjoy this mini-date, check out our complete Turbo Topics™ game on our website!

- Everyone gets a set of four cards, one for each topic.
- Set a timer for 4 minutes (longer than the usual game since there are so many letters) for each player to have time to fill in a word that relates to one of the topics that starts with each letter in the alphabet.
- Once the timer is up, read through each letter and tally up a point for every answer that someone has written down that fits the theme and isn't a duplicate of another player.
- Whoever has the most points wins, and gets to choose from the Love Tokens.
- Print out the Hot Chat cards to keep the conversations flowing! And watch out - there are some adult questions in there!!
