

# DIAMOND FOUNDRY

## RING SIZING GUIDE

Our simple guide will help you determine your ring size.

---

### STEP 1

Hold a standard credit card up to your screen.  
Adjust your browser window (zooming in or out)  
to make the line below match your card's height.

### STEP 2

Then, hold a ring up to your screen and find  
the circle that fits just inside it. Half-sizes are  
determined if your ring falls between two circles.
