

# TWO COLOR NOVA STAR QUILT TUTORIAL

The Nova Star Pattern provides three sizes, Crib, Throw and Bed.

The pattern has a Modern Solid design option and a Color Explosion option using FQs. I decided it was time to try out a two color way version of Nova Star. A really fun and bold star quilt.

If you have the Nova Star Quilt Pattern, you can use this additional tutorial to create a two color quilt. All of the cuts follow the Modern Solid yardage instructions in each size. Specifically for this COTY Nova Star in Throw Size you will need the following info:

Cut from Color 1:

All A, B, D, F and cornerstone cuts.

Cut from Color 2:

All C, E, G, H and sashing cuts.

## MATERIAL REQUIREMENTS FOR TWO COLOR NOVA STAR
