## Pocket Style Planters

**Model 1000** with standard fiberglass seats, round point shoe and optional single row 3-Point Hitch

### STANDARD EQUIPMENT:

- \* Direct Drive System
- \* Fiberglass seats
- \* Faster Planting Speeds - Chain and gearing design gives 20-30% faster planting speeds
- \* One Universal 12 Pocket Chain - For spacings 6" and up, eliminating the need to choose between 6, 8, or 10 pocket chains or discs
- \* High Volume Easy to Adjust Even Flow Water Valve
- \* UHMW Rollers on V-3 Pockets for less friction and longer wear
- \* Quick Change Sprocket System - One removable clip pin for sprocket changing
- \* For Strawberry Growers - Adjustable axles eliminates the need for pocket extensions by adjusting axles up and lowering the pocket 1" deeper into the soil
- \* 395R Round Point Shoe

**Model 1000B-3** Standard single row with a 60 gallon poly tank. Options shown include cushion seats, rubber packing wheels, and poly double disc shoe.

## **Model 803 2 1000**

Two row with NEW 803 heavy duty trailer. Shown with upright 300 Ga. tank, telescoping tongue, 4x7 toolbar and two Model 1000 units. Options: cushion seats, double disc poly shoes, rubber packing wheels and 7:60 x 15 tires.

**OUR PATENTED FLOAT WHEEL DIRECT DRIVE SYSTEM** maintains correct ground contact at all times for both the drive wheel and rear packing wheels letting the units float independently for any number of rows. The wheel smoothes, firms and ideally prepares the soil providing accurate plant placement and proper depth control in all soil conditions.

### **OE 55 Shelving Brackets**

Makes it possible for 2-3 shelves to be placed on each side of tank for additional plant storage

**MODEL 803 4HF WITH 4 MODEL 1000 UNITS** With twin 300 gallon tanks, adjustable tongue, 3-Point Hitch and 4x7 toolbar, folding step for easy tank filling, adjustable axles from 56"-102" centers, reversible axles and hitch for planting on raised beds. Easy to assemble. Optional shelving available for both sides of tanks.

### **Model 122**

- \* Complete low cost barrel on the 3-Point Hitch. All equipment shown is standard.
- \* Capable of planting bare root and small plugs

### **Model 22C**

- \* This is our standard rear drive planting unit with floating clamp to attach to 2" (5.08cm), 2-1/4" (5.72cm) or 2-1/2" (6.35cm) toolbar to making multi-row units. 4x7 clamp also available. Fiberglass seats are standard. Optional rubber packing wheels are shown.

### **Model 33 6000**

- \* Float Wheel Drive System
- \* Ideal for a variety of pot plants up to 3" in diameter
- \* Sets at speeds up to 60 plants per minute
- \* Optional conversion kit available for bare root plants

**Model 1000 2** Includes water valves, two barrel mountings, two 55 gallon poly barrels, hoses, A-Frame 3-Point Hitch and toolbar. Options shown below: cushion seats and poly double disc shoes.

**Model 803 2 1000**

Includes trailer with 300 gallon poly tank, telescoping tongue, 4x7 toolbar, heavy duty 3-point hitch, and two 1000 units. Options shown: Cushion seats, poly double disc shoes, rubber packers, 7:60 x 15 tires on trailer, two 4 tray carrousel and one 6 tray carrousel.

**Model 803 2 1000 with carrousel tray holders**
