“What do I want to be when I grow up?” It’s not too early to start exploring! Naval Air Station Wildwood (NASW) Aviation Museum’s **Aviation Career Academy** will motivate young students to start thinking about the future...NOW! Activities for this one week camp will stress the importance of a strong background in Science, Technology, Engineering, and Math (STEM) skills. **This is a fun, hands-on educational experience for our students to EXPLORE real world careers.**

Samples of past activities include:

- **Science Tellers Live Presentation**
- **“Play day on the Runway!” (Actually an airport operations safety presentation)**
- **Tour Aviation Museum & United States Coast Guard Training Center Cape May**
- **Cape May/Lewes Ferry Operations (what does it take to run this place!?)**
- **See real aircraft up close. Sit in the cockpit, talk to pilots, crew members and engineers about their careers. Plus much more!**

**** While programming may vary slightly from year to year and is subject to change, the general itinerary and subject matter are consistent with previous years.****
