

Cocoa Bomb™

Flavored whiskey is great, but it can be better. Cocoa Bomb's flavor profile is more robust, more multi-faceted and *unapologetically smooth.*

Life is too short to waste time and money on poor quality anything. Cocoa Bomb is a perfectly balanced, authentic, delightfully flavored whiskey.

Shoot it straight.

Sip it in a cocktail.

Drop it into a local dark beer.

Extremely smooth and carries notes of cocoa, dark chocolate and a hint of marshmallow.
