## 651102, 651104, 651106, 651101U

### Vehicle Hitch Mount Extenders

Extenders allow user's vehicle to be parked at desired distances from required entry points. Available in 2', 4' and 6' lengths for use with 6501528 and 6501644 Vehicle Hitch Mount bases. The U-joint Adapter provides improved entry point access when parked at difficult angles to the entry point.

- Extenders install between the user's vehicle hitch and a FallTech® Vehicle Hitch Mount Davit Base.
- U-joint Adapter may only be attached to the vehicle hitch before connecting to an extender.
- Only one extender and one U-joint maximum per hitch mount base.
- 2½" detent pin included with each extender for securing to Vehicle Hitch Mount Davit Base.
- U-joint Adapter connects to Hitch Mount Base or Extender using integral bolt and nut.
