KEY FEATURES

PURE TRIM™

Proprietary cutting material eliminates the need for lubricants, keeping your product pure.

ROLL BACK LOADING

Ergonomic design. Roll it. Load it. Trim it.

TOOL FREE DISASSEMBLY

Turn-Loc™ system allows for fast drum swaps and removal for cleaning.

MAX CUTTING SURFACE

Long narrow drum utilizes more surface area inside the drum for cutting.

REMOVABLE TRIM BINS

Food grade trim bins safely catch excess trim for future use.

PRESSURE WASHABLE

Industrial grade materials make clean up a breeze with a hot water pressure washer.

MORE ABOUT

Built with the same innovative features and heavy duty construction as the other Triminator® dry trimmers. The Mini Dry is a high performance trimmer in an ultra portable, easy to use package.

Every feature of the Triminator® Mini Dry, from the roll back loading to the time saving, Turn Loc™ system is thoughtfully designed to eliminate the hassles of trimming, while simultaneously providing a perfect trim with zero lubricants. All Triminator® machines are lubricant free by design. The Mini Dry is great for urban and craft grow operations.
