

MANUFACTURING PART #	WIDTH	LENGTH	# OF SHEETS
VPG-0690-G2XT	6 Inches	90 Inches	10

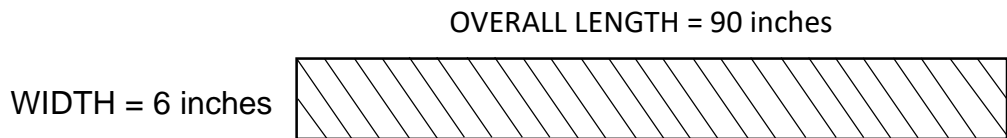

ACTIVFLEX PROTECTIVE COVERING

- Flexible, Abrasion/Perforation Resistant
- High-temperature, spatter-resistant cable, hose & component protection
- Suitable for casting, welding, painting and harsh industrial applications
- Low Coefficient of Friction
- 6" x 90" Sheet (10 Sheets)

	Property	Specification	Unit	Value
General	Color			Gray/Red
	Applications	Welding, casting, industrial, general purpose		
	Material	Woven Glass Fiber		
	Coating	PTFE		2 sided
	Fasteners	none		
Mechanical	Width		inches	6
	Thickness		inches	0.018
	Length		inches	90
Operating Temperature		Continuous (max)	deg C	260

INCLUDES 10 SHEETS

APPLICATION NOTE:

- Product intended for application within operating temperature specifications.
- Operators of the product are responsible for compliance with measures relating to the protections of persons, equipment, electrical standards and environmental regulations.
