Status Light: If there is an issue with the Aero, the light will turn red and you may need to recalibrate it.

Battery Indicator Light: The light will flash red when battery level falls below 20%.

Warning: The Aero will automatically turn off once the battery power goes below 10%, as a safety precaution.

1.3 How to Recalibrate

Follow these 3 simple steps...

1. Place the Aero on a flat, level surface.
2. Hold the Power Button (for about 5 seconds) until you are notified of a successful recalibration.
3. Restart the Aero by turning it off and then on.
2. Make Moves

2.1 Riding the Aero

*Adults must assist children in the initial adjustment procedures of the product. Please Note: Images may not reflect exact appearance of actual product.
**Care & Maintenance**

**RIDING RANGE**
The maximum range is 7 miles. However, many factors will affect how far you can go per charge:

- Driving Surface: A smooth, flat surface will increase driving distance.
- Weight: More weight means less distance.
- Temperature: Ride, store, and charge the Aero above 50°F.
- Maintenance: Timely battery charging will increase driving distance.
- Driving Style: Frequent starting and stopping will reduce driving distance.

**CLEANING THE AERO**
To clean the Aero, carefully wipe with a damp cloth, then dry with a dry cloth. Do not use water to clean the Aero, as the electrical and electronic systems may get wet, resulting in personal injury or malfunction of the Aero. If the electric parts or battery get wet, do not power on the Aero. Please contact Jetson Customer Support for assistance.

**BATTERY**
- Keep away from fire and excessive heat.
- Avoid intense physical shock, severe vibration, or impact.
- Protect from water or moisture.
- Do not disassemble the Aero or its battery.
- Contact Jetson Customer Support if there are any issues with the battery.

**STORAGE**
- Fully charge the battery before storing. The battery should be fully charged once a month after this.
- Cover the Aero to protect against dust.
- Store the Aero indoors, in a dry place.

**MODIFICATIONS**
Do not attempt to disassemble, modify, repair, or replace the product or any components of the unit without instruction from Jetson Customer Support. This will void any warranty, and can lead to malfunctions which may cause injury.

**ADDITIONAL OPERATION CAUTIONS**
Do not lift the product off the ground while it is on and the wheels are in motion. This can result in freely spinning wheels, which may cause injury to yourself or others nearby. Do not jump on or off the product, and do not jump while using it. Always keep your feet firmly planted on the mat sensors while in operation. Always check the battery charge before using.

**DISPOSAL OF USED BATTERY**
Battery may contain hazardous substances which could endanger the environment and human health. This symbol marked on the battery and/or packaging indicates that used battery shall not be treated as municipal waste. Batteries should be disposed of at an appropriate collection point for recycling. By ensuring the used batteries are disposed of correctly, you will help preventing potential negative consequences for the environment and human health. The recycling of materials will help to conserve natural resources. For more information about recycling of used batteries, please contact your local municipality waste disposal service.
Safety Warnings

- Before use, please read the user manual and safety warnings carefully, and make sure you understand and accept all the safety instructions. The user will be responsible for any injury or damage caused by neglecting these warnings.
- Before each cycle of operation, the operator shall perform the preoperation checks specified by the manufacturer: That all guards and pads originally supplied by the manufacturer are in proper and effective working condition; That the braking system is functioning properly; That any and all axle guards, chain guards, or other covers or guards supplied by the manufacturer are in place and in serviceable condition; That tires are in good condition, inflated properly, and have sufficient tread remaining. The area that the product is to be operated should be safe and suitable for safe operation.
- Components shall be maintained and repaired in accordance with the manufacturer’s specifications and using only replacement parts that are identical to those furnished by the manufacturer and replacement parts with installation performed by dealers or other skilled persons.
- Never throw or recharge disposable batteries.
- Do not allow hands, feet, hair, body parts, clothing, or similar articles to come in contact with moving parts, wheels, or drive train, while the motor is running.
- The rider should not be allowed to carry children or persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction (IEC 60335-1/A2:2006).
- Unsupervised children should not play with the product (IEC 60335-1/A2:2006).
- Adult supervision is required.

NOTICE OF COMPLIANCE

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Reorient the dealer or an experienced radio/TV technician for help.
- Shielded cables must be used with this unit to ensure compliance with the Class B FCC limits.

California Proposition 65

WARNING: This product can expose you to a chemical such as Cadmium that is known to the state of California to cause cancer or birth defects or other reproductive harm. For more information go to www.p65warnings.ca.gov/product
