Adults must assist children in the initial assembly and adjustment procedures to fold/unfold product and adjust handlebar to height.

1. Get Started

1.1 Assembly

- Carefully tuck excess wire in tube.
- Place handlebar on top of Stem.
- Place the Clamp on the Handlebar and tighten using the Bolt. Make sure the Handlebar is secure.

1.2 Unfolding / Folding the Scooter

- Press down on the Folding Mechanism
- Once you hear it click, it’s fully unfolded.
- Make sure the Stem is secure.
- Reverse these steps to fold the Scooter.

*Adults must assist children in the initial assembly and adjustment procedures to fold/unfold product and adjust handlebar to height.

1.3 Adjusting the Handlebar

- Open the Stem Clamp
- Lift (or lower) Handlebar
- Press in

When you hear it click, close Stem Clamp to lock. Make sure the Handlebar is secure.

1.4 Charging the Battery

- Only use the included charger
- Plug the charger into the wall before the Charging Port
- Don’t turn on the Scooter while it’s charging
- Charge the battery until it is fully charged - up to 4 hours
- Replace the cover over the Charging Port when done

1.5 Using the Rear Foot Brake

- Place one foot in front.
- Place the other foot in back, at a 70-90° angle.
- Turn the handlebar to the left or right to make turns.

Press down to come to a complete stop.

1.6 LED Light Functions

- Press in
- Press the LED Lights Power Button to turn on the LED Lights.
- You can cycle through 7 different light functions (the 8th time will turn off the lights).
- To skip the cycle and turn off the lights hold the LED Lights Power Button for 3 seconds.

Remember to be safe and most importantly, have fun!
**2.2 Using the Thumb Throttle**

- Before use, please read the user manual and safety warnings carefully, and make sure you understand and accept all the safety instructions. The user will be responsible for any loss or damage caused by improper use.
- Always keep the throttle grasp and the throttle in the desired position. If the E-Brake is not pulled, the scooter will continue to move.
- Do not lift the product off the ground while it is on and the wheels are in motion. Do not jump up or off the product, and do not perform any maneuvers that may cause the scooter to lose control.

**2.3 Using the E-Brake**

- Press down on the E-Brake slowly to avoid stopping abruptly or losing control.
- Do not disassemble the Scooter or its battery.
- Prolonged exposure to UV rays, rain and the elements may damage the enclosure or seals. Shielded cables must be used with this unit to ensure compliance with the Class B FCC limits.

**Care & Maintenance**

**Riding Range**
The maximum range is 8 miles. However, many factors will affect how far you can go per charge:
- Riding Speed and Driving Style: Frequent starting and stopping will reduce driving distance.
- Temperature: Riding, charge, and store the Scooter above 50°F.
- Speed and Driving Style: Frequent starting and stopping will reduce driving distance.

**Cleaning the Scooter**
To clean the scooter, carefully wipe with a damp cloth, then dry fully charged once a month after this.

**Using the E-Brake**

- Avoid sharp bumps, drainage groves, and sudden surface changes. Scooter may suddenly stop:
  - Avoid rutted and uneven surfaces, sand, gravel, dirt, ice, and other debris.
  - Avoid riding around flammable gas, steam, liquid, or dust that could cause fire.
  - Operators shall adhere to all of the manufacturer’s recommendations and instructions, as well as comply with all state and local laws. Unforeseen headlight failures shall be operated only with adequate daylight conditions of visibility, and Owners shall be encouraged to highlight (for conspicuity) using lights, reflectors, and for high visibility, reflective clothing. Use of reflective gear when appropriate.

**Battery**

- Keep away from fire and excessive heat.
- Avoid intense physical strain, severe vibration, or impact.
- Protect from water and moisture.
- Batteries shall be left out of reach of children or pets.

**Additional Operation Caution**

- Do not ride after drinking or taking prescribed medication.
- Do not store indoors or on limited area.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Make sure your feet are always placed securely on the deck.
- Always wear shoes and keep heel straps tied.

**Storage**

- Fully charge the battery before storing. The battery should be fully charged once a month after this.
- Store the Scooter indoors, in a dry place.
- Shielded cables must be used with this unit to ensure compliance with the Class B FCC limits.

**2.2 Using the Thumb Throttle**

- Always wear protective clothing, including but not limited to a helmet, knee pads, elbow pads, and skate shoes.

**2.3 Using the E-Brake**

- Always wear protective clothing, including but not limited to a helmet, knee pads, elbow pads, and skate shoes.
