1. Get Started

1.1 Assembly

Connecting the Handlebar:
- Connect the four plugs according to color. Make sure the plugs clip in correctly. If you have any issues with the wires, please contact Jetson Customer Support. Tuck any excess wire into the Stem Tube.
- Slide the Handlebar into the Stem Tube.
- Tighten using the four screws. Make sure the screws are tight and the handlebar is secure.

Warming: Failure to properly connect the plugs may cause the wires to smoke.

1.2 Battery Care Tips

- Only use the included charger.
- Plug the charger into the wall before the Charging Port.
- Don’t turn on the Element Pro while it’s charging.
- Charge the battery until it is fully charged - up to 4 hours.
- Replace the cover over the Charging Port when done.

1.3 Unfolding the Element Pro

Unclip the hook from the Rear Foot Brake.
Lift Handlebars away from Deck.

1.4 Operating the Element Pro

- Powering On - Press the Power Button to turn on.
- Powering Off - Hold the Power Button for 2 seconds to turn off.
- Speedometer - Hold the Power Button for 6 seconds to switch between mph and km/h.
- Speed Modes - Press the Power Button once to switch the speed modes.
- Light Function - Press the Power Button twice to turn on the headlight. The light symbol will show on the LCD Display.

SPEED SETTINGS:

1 - Max speed up to 10 mph
2 - Max speed up to 15 mph
3 - Max speed up to 16 mph

BATTERY LEVELS

Lights Percentage
1 (low) 0-20%
2 (medium) 20-35%
3 (medium-high) 35-50%
4 (high) 50-65%
5 (full) 65-80%
6 (full) 80-100%

For adults, the battery level is low when the lights are green, medium when they are yellow, and low when they are red.

Remember to be safe and most importantly, have fun!

2. Make Moves

2.1 Riding the Element Pro

- Place one foot in front.
- Place the other foot in back, at a 70-90° angle.
- Turn the handlebar to the left or right to make turns.

Note: Use the throttle gently until you get used to it.

2.2 Using the Thumb Throttle

Note: Press down on the E-Brake slowly to avoid stopping abruptly or losing control.

2.3 Using the E-Brake

Note: Press down to come to a complete stop.

2.4 Using the Rear Foot Brake

Press down to come to a complete stop.

Please note: Images may not reflect exact appearance of actual product.
Connecting to the Bluetooth®

Your Jetson Element Pro is a Bluetooth® 4.1 enabled, so you can pair it with the Ride Jetson app on your personal Bluetooth® enabled device. The Ride Jetson app is available for download from the App Store and the Google Play Store, and it’s free!

1. Turn on the Element Pro.
2. Open the Ride Jetson app on your handheld device.
3. Tap the Bluetooth® symbol in the top left corner of the app. (If you have not activated your Bluetooth® on your handheld device, the app will remind you.)
4. Select your Element Pro.

If the default Bluetooth® password is 000000. If you would like to customize your password, go to the Settings in the app.

If you have issues connecting to Bluetooth®, follow these steps:

1. Try restarting the Element Pro by turning it off and then on.
2. Click the Scan button to refresh.
3. Restart the Ride Jetson app.

Extra features available with the Ride Jetson app:

• Turn your Headlight on or off.
• Lock and unlock the throttle.
• Keep track of your travel time and distance.
• Choose from 3 different speed modes (Gear 1-3).

Care & Maintenance

BATTERY

• Keep away from fire and excessive heat.
• Avoid intense physical shock, severe vibration, or impact.
• Protect from water or moisture.
• Do not disassemble the Element Pro or its battery.
• Do not connect the equipment to the battery if the battery, please contact Jetson Customer Support.

STORAGE

• Fully charge the battery before storing. The battery should be fully charged once a month after this.
• Cover the Element Pro to protect against dust.
• Store the Element Pro indoors, in a dry place.

MODIFICATIONS

Do not attempt to disassemble, modify, repair, or replace the product or any components of the unit without instruction from Jetson Customer Support. This will void any warranty, and can lead to malfunctions which may cause injury or death.

ADDITIONAL OPERATION CAUTIONS

Do not park the vehicle off the ground while it is on and the wheels are in motion. This can result in freely spinning wheels, which may cause injury to yourself or others nearby. Do not park in or off the product, and do not jump while using it. Always keep your feet firmly planted on the motor sensors while in operation. Always check the battery charge before using.

DISPOSAL OF USED BATTERY

Batteries should be disposed of at an appropriate collection point for recycling. By ensuring the used batteries are disposed of correctly, you will help preventing potential negative consequences for the environment and human health. The recycling of materials will help to conserve natural resources. For more information about recycling of used batteries, please contact your local municipality waste disposal service.

California Proposition 65

WARNING: 

The Proposition 65 warning is related to certain chemical substances that are known to the state of California to cause cancer or birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

NOTICE OF COMPLIANCE

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The Commission is responsible for granting or modifying to this unit not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

NOTE: 

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult an experienced radio/TV technician for help.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.
