What’s in the Box
1. Handlebar
2. Stem Clamp
3. Front Tire
4. Folding Mechanism
5. Deck
6. Rear Foot Brake
7. LED Lights Power Button
8. Power Button
9. Charging Port
10. Rear Tire
11. Charger

1. Get Started
1.1 Assembly
Carefully tuck excess wire in tube. Place handlebar on top of Stem.
Place the Clamp on the Handlebar and tighten using the Bolt. Make sure the Handlebar is secure.

1.2 Unfolding / Folding the Glow
Press down on the Folding Mechanism
Press down to come to a complete stop.
• Once you hear it click, it’s fully unfolded.
• Make sure the Stem is secure.
• Reverse these steps to fold the Glow.

1.3 Adjusting the Handlebar
Open the Stem Clamp
Lift (or lower) Handlebar
When you hear it click, close Stem Clamp to lock. Make sure the Handlebar is secure.

1.4 Charging the Battery
• Only use the included charger
• Plug the charger into the wall before the Charging Port
• Don’t turn on the Glow while it’s charging
• Charge the battery until it is fully charged - up to 4 hours
• Replace the cover over the Charging Port when done

1.5 Using the Rear Foot Brake
Pull Stem up
Press in
• Once you hear it click, it’s fully unfolded.
• Make sure the Stem is secure.
• Reverse these steps to fold the Glow.

 Specs & Features
• Product Dims Folded: 29.45" (L) × 16.7" (W) × 10.5" (H)
• Product Dims Unfolded: 32.75" (L) × 16.7" (W) × 36.45" (H)
• Deck Size: 23.6" × 4.7"
• Handlebar Height: Up To 36.45"
• Wheel Size: 6"
• Motor Type: 150W Hub Motor
• Max Speed: 8 mph
• Max Range: 8 miles
• Weight Limit: Up To 145 lb
• Product Weight: 16 lb
• Battery: 24V, 3.0Ah Lithium-Ion
• Recommended Age: 8+
• Climbing Angle: Up To 10°
• Charger: UL 110-240V
• Charge Time: Up To 4 Hours

2. Make Moves
2.1 Riding the Glow
• Place one foot in front
• Place the other foot in back, at a 70-90° angle
• Turn the handlebar to the left or right to make turns.

Please note: Images may not reflect exact appearance of actual product.
2.2 Using the Thumb Throttle

Safety Warnings

Before use, please read the user manual and safety warnings carefully, and make sure you understand and accept all the safety instructions. The user will be responsible for any loss or damage caused by improper use.

In case of a failure of the entire bike, the manufacturer shall perform the pre-operation check, and parts are supplied by the manufacturer are in proper place and in serviceable condition. That the braking system is functioning properly. That all link guard, chain guard, or other covers or guards supplied by the manufacturer are in place and in serviceable condition. That tires are in good condition, inflated properly, and have sufficient tread remaining. That the tire pressure is properly maintained. That the bike is assembled in accordance with the manufacturer's specifications.

Components shall be maintained and repaired in accordance with the manufacturer's specifications and using only the manufacturer's authorized replacement part with installation performed by dealers or other skilled persons.

Do not allow hands, feet, hair, body parts, clothing, or similar articles to come in contact with exposed parts or moving parts of the bike. Never operate the bike if any part of the operator or other persons or objects comes in contact with the exposed parts or moving parts of the bike.

Remember to be safe and do not use the bike in dangerous places. Never use the bike if it is hormonal with a crack, chipping, etc.

2.3 Using the E-Brake

Care & Maintenance

RIDING RANGE

The maximum range is 8 miles. However, many factors will affect how far you can go per charge.

- Driving Surface: A smooth, flat surface will increase driving distance.
- Weight: More weight means less distance.
- Temperature: Ride, charge, and store the Glow above 50°F.
- Maintenance: Timely battery charging will increase driving distance.
- Speed and Driving Style: Frequent starting and stopping will reduce driving distance.

CLEANING THE GLOW

To clean the Glow, carefully wipe with a damp cloth, then dry with a dry cloth. Do not use water to clean the Glow, as the electrical and electronic systems may get wet, resulting in personal injury or malfunction of the Glow.

BATTERY

- Keep away from fire and excessive heat.
- Avoid intense physical shock, severe vibration, or impact.
- Protect from water or moisture.
- Do not disassemble the Glow or its battery.
- If there are any issues with the battery, please contact Jetson Customer Support.

STORAGE

- Fully charge the battery before storing. The battery should be stored in a cool, dry place.
- Store the Glow indoors, in a dry place.

Disposal of Used Battery

Battery may contain hazardous substances which could endanger the environment and human health. This symbol marked on the battery and/or packaging indicates that used battery shall not be treated as municipal waste.

For more information about recycling of used batteries, please contact your local municipality waste disposal service.

Remember to be safe and most importantly, have fun!
