5. Deck  
6. Rear Foot Brake  
7. LED Lights Power Button  
8. Power Button  
9. Charging Port  
10. Rear Tire  
11. Charger

**Specs & Features**

- Motor Type: 150W Hub Motor  
- Max Speed: Up to 8 mph  
- Max Range: Up to 8 miles  
- Battery: 24V, 3.0Ah Lithium-Ion  
- Recommended Age: 8+  
- Climbing Angle: Up To 10°  
- Product Dims Folded: 29.5” (L) × 16.7” (W) × 10.5” (H)  
- Product Dims Unfolded: 32.8” (L) × 16.7” (W) × 36.5” (H)  
- Deck Size: 23.6” × 4.7”  
- Handlebar Height: Up To 36.5”  
- Wheel Size: 6”  
- Weight Limit: Up To 145 lb  
- Product Weight: 16 lb  
- Charger: UL 110-240V  
- Charge Time: Up To 4 Hours
1. Get Started

1.1 Assembly

Carefully tuck excess wire in tube. Place handlebar on top of Stem.

Place the Clamp on the Handlebar and tighten using the Bolt. Make sure the Handlebar is secure.

1.2 Unfolding / Folding the Glow

Press down on the Folding Mechanism

Pull Stem up

- Once you hear it click, it’s fully unfolded.
- Make sure the Stem is secure.
- Reverse these steps to fold the Glow.
1.3 Adjusting the Handlebar

Open the Stem Clamp

Lift (or lower) Handlebar

When you hear it click, close Stem Clamp to lock. Make sure the Handlebar is secure.

1.4 Charging the Battery

- Only use the included charger
- Plug the charger into the wall before the Charging Port
- Don’t turn on the Glow while it’s charging
- Charge the battery until it is fully charged - up to 4 hours
- Replace the cover over the Charging Port when done

CHARGING INDICATOR ON THE CHARGER:
- - Charging
- - Charge Complete

1.5 Using the Rear Foot Brake

Press down to come to a complete stop.

1.6 LED Light Functions

- Press the LED Lights Power Button to cycle through 7 different light functions.

*Adults must assist children in the initial assembly and adjustment procedures to fold/unfold product and adjust handlebar to height.

Please Note: Images may not reflect exact appearance of actual product.
2. Make Moves

2.1 Riding the Glow

- Place one foot in front.
- Place the other foot in back, at a 70-90° angle.
- Turn the handlebar to the left or right to make turns.
2.2 Using the Thumb Throttle

Quick Note: Please try to take it easy on the throttle until you get used to it.

2.3 Using the E-Brake

Quick Note: Press down on the E-Brake slowly to avoid stopping abruptly or losing control.

Care & Maintenance

RIDING RANGE
The maximum range is 8 miles. However, many factors will affect how far you can go per charge:
- Driving Surface: A smooth, flat surface will increase driving distance.
- Weight: More weight means less distance.
- Temperature: Ride, charge, and store the Glow above 50°F.
- Maintenance: Timely battery charging will increase driving distance.
- Speed and Driving Style: Frequent starting and stopping will reduce driving distance.

CLEANING THE GLOW
To clean the Glow, carefully wipe with a damp cloth, then dry with a dry cloth. Do not use water to clean the Glow, as the electrical and electronic systems may get wet, resulting in personal injury or malfunction of the Glow.

BATTERY
- Keep away from fire and excessive heat.
- Avoid intense physical shock, severe vibration, or impact.
- Protect from water or moisture.
- Do not disassemble the Glow or its battery.
- If there are any issues with the battery, please contact Jetson Customer Support.

STORAGE
- Fully charge the battery before storing. The battery should be fully charged once a month after this.
- Cover the Glow to protect against dust.
- Store the Glow indoors, in a dry place.

MODIFICATIONS
Do not attempt to disassemble, modify, repair, or replace the product or any components of the unit without instruction from Jetson Customer Support. This will void any warranty, and can lead to malfunctions which may cause injury.

ADDITIONAL OPERATION CAUTIONS
Do not lift the product off the ground while it is on and the wheels are in motion. This can result in freely spinning wheels, which may cause injury to yourself or others nearby. Do not jump on or off the product, and do not jump while using it. Always keep your feet firmly planted on the mat sensors while in operation. Always check the battery charge before using.

DISPOSAL OF USED BATTERY
Battery may contain hazardous substances which could endanger the environment and human health. This symbol marked on the battery and/or packaging indicates that used battery shall not be treated as municipal waste. Batteries should be disposed of at an appropriate collection point for recycling. By ensuring the used batteries are disposed of correctly, you will help preventing potential negative consequences for the environment and human health. The recycling of materials will help to conserve natural resources. For more information about recycling of used batteries, please contact your local municipality waste disposal service.
Safety Warnings

Before use, please read the user manual and safety warnings carefully, and make sure you understand and accept all the safety instructions. The user will be responsible for any losses or damage caused by misuse or abuse.

Before each cycle of operation, the operator shall perform the preoperation checks specified by the manufacturer: That all guards and pads originally supplied by the manufacturer shall be in proper place and functioning properly; That the braking system is functioning properly; That any and all axle guards, chain guards, or other covers or guards supplied by the manufacturer are in place and in serviceable condition. That tires are in good condition, inflated properly, and have sufficient tread remaining. The area that the product is to be operated should be safe and suitable for safe operation.

• Components shall be maintained and operated in accordance with the manufacturer’s specifications and using only the manufacturer’s authorized replacement parts with installation performed by dealers or other skilled persons.
• Warnings against the improper disposal of rechargeable batteries.
• Don’t allow hands, feet, hair, body parts, clothing, or similar articles to come in contact with moving parts, wheels, or drive train, while the motor is running.
• This product should not be used by children or persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction.
• Unsupervised children shall never play with the product (IEC 60335-1/A2-2006).
• Adult supervision is required.
• The rider should not exceed 185 lbs.
• Units shall not be operated to perform racing, stunt riding, or other maneuvers, which may cause loss of control, or may cause uncontrolled operator/passenger actions or reactions.
• Never use on motor vehicles.
• Avoid sharp bumps, drainage grate, and sudden surface changes. Scooter may suddenly stop.
• Avoid streets and surfaces with water, sand, gravel, dirt, leaves, and other debris. Wet weather impairs traction, braking, and visibility.
• Avoid riding around flammable gas, steam, liquid, or dust that could cause fire.
• Operators shall adhere to all of the manufacturer’s recommendations and instructions, as well as comply with all laws and ordinances. Units without headlights shall be operated only with adequate daylight conditions of visibility, and reflectors or other devices shall be used to highlight the rider’s presence. Care shall be provided for rain and colder conditions for low-riding units, signal flags on flexible poles.
• Most often, the following conditions shall be cautioned not to operate: Those with heart conditions; Pregnant women; Persons with head, back, or neck ailments, or prior surgeries to those areas of the body; and persons with any mental or physical conditions that may make them susceptible to injury or impair their physical dexterity or mental capabilities to recognize, understand, and perform all of the safety instructions and to be able to assume the hazards inherent in unit use.
• Do not ride at night.
• Do not ride after drinking or taking prescription medication.
• Do not carry items when riding.
• Never operate the product barefooted.
• Always wear shoes and keep shoelaces tied.
• Make sure your feet are always placed securely on the deck.
• Always wear a helmet, safety glasses, knee pads, and elbow pads.
• Always give way to pedestrians.
• Always wear protective clothing, including but not limited to knee pads, and elbow pads.
• Make sure your feet are always placed securely on the deck.
• The brake may become hot while operating, do not touch the brake with your bare skin.
• This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
• This equipment has been tested and found to comply with the limits for a Class B digital device,
• The user is encouraged to try to correct the interference by one or more of the following measures:
  • Reorient or relocate the receiving antenna.
  • Increase the separation between the equipment and receiver.
  • Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
  • Consult the dealer or an experienced radio/ TV technician for help.
• Shielded cables must be used with this unit to ensure compliance with the Class B FCC limits.

California Proposition 65

WARNING.

This product can expose you to a chemical such as Chromium that is known to the state of California to cause cancer or birth defects or other reproductive harm. For more information go to www.p6warnings.ca.gov/product

NOTICE OF COMPLIANCE

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(i) this device may not cause harmful interference, and (ii) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

NOTE: this equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/ TV technician for help.

Shielded cables must be used with this unit to ensure compliance with the Class B FCC limits.
