What’s in the Box

1. Handlebar
2. Stem Clamp
3. Front Tire
4. Folding Mechanism
5. Deck
6. Rear Foot Brake
7. LED Lights Power Button
8. Power Button
9. Charging Port
10. Rear Tire
11. Charger

Specs & Features

- Motor Type: 200W Hub Motor
- Max Speed: Up to 10 mph
- Max Range: Up to 3 miles
- Battery: 21.6V, 2.6Ah Lithium-Ion
- Recommended Age: 8+
- Climbing Angle: Up to 10°
- Product Folded: 29.5” (L) x 16.7” (W) x 10.5” (H)
- Product Unfolded: 32.8” (L) x 16.7” (W) x 36.5” (H)
- Deck Size: 23.6” x 4.7”
- Handlebar Height: Up to 38.6”
- Wheel Size: Front: 6”; Rear: 5.5”
- Weight Limit: Up to 145 lb
- Product Weight: 14 lb
- Charger: UL 110-240V
- Charge Time: Up to 4 Hours
1. Get Started

1.1 Assembly

Carefully tuck excess wire in tube. Place handlebar on top of Stem.

Place the Clamp on the Handlebar and tighten using the Bolt. Make sure the Handlebar is secure.

1.2 Unfolding / Folding the Highline

Press down on the Folding Mechanism

Pull Stem up

• Once you hear it click, it’s fully unfolded.
• Make sure the Stem is secure.
• Reverse these steps to fold the Highline.

*Adults must assist children in the initial assembly and adjustment procedures to fold/unfold product and adjust handlebar to height.

Please Note: Images may not reflect exact appearance of actual product.
1.3 Adjusting the Handlebar

Open the Stem Clamp

Lift (or lower) Handlebar

When you hear it click, close Stem Clamp to lock. Make sure the Handlebar is secure.

1.4 Charging the Battery

• Only use the included charger
• Plug the charger into the wall before the Charging Port
• Don’t turn on the Highline while it’s charging
• Charge the battery until it is fully charged - up to 4 hours
• Replace the cover over the Charging Port when done

1.5 Using the Rear Foot Brake

Press down to come to a complete stop.

1.6 LED Light Functions

• Press the LED Lights Power Button to cycle through 20 different light functions.
2. Make Moves

2.1 Riding the Highline

- Place one foot in front.
- Place the other foot in back, at a 70-90° angle.
- Turn the handlebar to the left or right to make turns.
2.2 Using the Thumb Throttle

Quick Note: Please try to take it easy on the throttle until you get used to it.

2.3 Using the E-Brake

Quick Note: Press down on the E-Brake slowly to avoid stopping abruptly or losing control.

Care & Maintenance

RIDING RANGE
The maximum range is 3 miles. However, many factors will affect how far you can go per charge:
- Driving Surface: A smooth, flat surface will increase driving distance.
- Weight: More weight means less distance.
- Temperature: Ride, charge, and store the Highline above 50°F.
- Maintenance: Timely battery charging will increase driving distance.
- Speed and Driving Style: Frequent starting and stopping will reduce driving distance.

CLEANING THE HIGHLINE
To clean the Highline, carefully wipe with a damp cloth, then dry with a dry cloth. Do not use water to clean the Highline, as the electrical and electronic systems may get wet, resulting in personal injury or malfunction of the Highline.

BATTERY
- Keep away from fire and excessive heat.
- Avoid intense physical shock, severe vibration, or impact.
- Protect from water or moisture.
- Do not disassemble the Highline or its battery.
- If there are any issues with the battery, please contact Jetson Customer Support.

STORAGE
- Fully charge the battery before storing. The battery should be fully charged once a month after this.
- Cover the Highline to protect against dust.
- Store the Highline indoors, in a dry place.

MODIFICATIONS
Do not attempt to disassemble, modify, repair, or replace the product or any components of the unit without instruction from Jetson Customer Support. This will void any warranty, and can lead to malfunctions which may cause injury.

ADDITIONAL OPERATION CAUTIONS
Do not lift the product off the ground while it is on and the wheels are in motion. This can result in freely spinning wheels, which may cause injury to yourself or others nearby. Do not jump on or off the product, and do not jump while using it. Always keep your feet firmly planted on the mat sensors while in operation. Always check the battery charge before using.

DISPOSAL OF USED BATTERY
Battery may contain hazardous substances which could endanger the environment and human health. This symbol marked on the battery and/or packaging indicates that used battery shall not be treated as municipal waste. Batteries should be disposed of at an appropriate collection point for recycling. By ensuring the used batteries are disposed of correctly, you will help preventing potential negative consequences for the environment and human health. The recycling of materials will help to conserve natural resources. For more information about recycling of used batteries, please contact your local municipality waste disposal service.
Safety Warnings

- Before use, please read the user manual and safety warnings carefully, and make sure you understand and accept all the safety instructions. The user will be responsible for any damage or loss caused by the failure to follow the user manual.
- Before each cycle of operation, the operator shall perform the preoperation checks specified by the manufacturer. That all guards and pads originally supplied by the manufacturer are in proper place and condition. That the braking system is functioning properly; That any and all axle guards, chain guards, or other covers or guards supplied by the manufacturer are in place and in serviceable condition. That tires are in good condition, inflated properly, and have sufficient tread remaining. The area that the product is to be operated should be safe and suitable for safe operation.
- Components shall be maintained repaired in accordance with the manufacturer’s specifications and using only the manufacturer’s authorized replacement parts with installation performed by dealers or other skilled persons.
- Wear protective clothing: Always wear protective equipment such as helmet, knee pads, and elbow pads.
- Recommended for indoor use.
- Avoid streets and surfaces with water, sand, gravel, dirt, leaves, and other debris. Wet weather Impairs traction, braking, and visibility.
- Avoid riding around flammable gas, steam, liquid, or dust that could cause fire.
- Operate or charge the unit only in a location with moderate temperatures, do not expose to extreme heat or cold conditions, do not expose to water, and do not expose to moisture or dew.
- Never operate the product barefooted.
- Always wear shoes and keep shoelaces tied.
- Your feet are always placed securely on the deck.
- Always wear protective clothing such as helmet, knee pads, and elbow pads.
- Always give way to pedestrians.
- Do not carry items when riding.
- Do not ride after drinking or taking prescription medication.
- Do not ride at high speeds, on uneven terrain, or on slopes. Do not perform stunts or turn abruptly.
- Do not allow distractions when riding, such as answering the phone or engaging in any other activities.
- The product cannot be ridden by more than one person.
- When you ride the product along with other riders, always keep a safe distance to avoid a collision.
- When turning, be sure to maintain your balance.
- Riding with improperly adjusted brakes is dangerous and can result in serious injury or death.
- The brake may become hot while operating, do not touch the brake with your bare skin.
- Apply brakes too hard or too suddenly can lock up a wheel, which can cause you to lose control and fall. Sudden or excessive application of the brake may result in injury or death.
- If the brakes are worn, please adjust with the hexagon wrench, or please contact Jetson Customer Support.
- Replace worn or broken parts immediately.
- Check whether all safety devices are in place and understood before riding.
- The owner shall allow the use and operation of the unit after a demonstration that such operators can understand and operate all components of the unit before use.
- Do not ride without proper training. Do not ride at high speeds, on uneven terrain, or on slopes. Do not perform stunts or turn abruptly.
- Recommended for indoor use.
- Prolonged exposure to UV rays, rain and the elements may damage the enclosure.
- Make sure your feet are always placed securely on the deck.
- Always wear shoes and keep shoelaces tied.
- Do not carry items when riding.
- Do not ride after drinking or taking prescription medication.
- Do not ride at high speeds, on uneven terrain, or on slopes. Do not perform stunts or turn abruptly.
- Recommended for indoor use.
- Prolonged exposure to UV rays, rain and the elements may damage the enclosure materials, store indoors when not in use.

California Proposition 65 WARNING

This product can expose you to a chemical such as Chromium that is known to the state of California to cause cancer or birth defects or other reproductive harm. For more information go to www.p65warnings.ca.gov/product

NOTICE OF COMPLIANCE

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance can void the user’s authority to operate the equipment.

NOTE: this equipment has been designed and fielded to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Connect the product to a ground outlet to minimize the interference.

This product is to be operated should be safe and suitable for safe operation.
