**Status Light:** If this light turns red or if you are having issues with the impact, you may need to recalibrate it.

**Balance Light:** Active Balance Technology is on, which levels the impact as you ride.

**Power Light:** The Impact is powered on.

Warning: The Impact will automatically turn off once the battery power goes below 10% as a safety precaution.

1.3 How to Recalibrate

Follow these 3 simple steps...

1. Place the impact on a flat, level surface.
2. Hold the Power Button (for about 5 seconds) until you are notified of a successful recalibration.
3. Restart the Impact by turning it off and then on.

*Adults must assist children in the initial adjustment procedures of the product.*
2. Make Moves

2.1 Riding the Impact

- Neutral

- Turn Left

- Turn Right

Please Note: Images may not reflect exact appearance of actual product.
To connect to your Bluetooth® speaker:
• Turn on the Impact, and it will become discoverable to your handheld device.
• Activate your Bluetooth® in your handheld device’s settings.
• Find the Impact in your handheld device’s list and select it.
• Now you can play your music.

To connect to the Ride Jetson app:
• Open the Ride Jetson app on your handheld device.
• Tap the Bluetooth® symbol in the top left corner of the app.
• Select your Impact. Default password is 000000.
   (To customize your password go to Settings in the App. If you forget your new password, you can factory reset the Impact by recalibrating).
• You should now be connected to the Impact!

MODE SETTINGS
In the Ride Jetson app you can choose from three settings:
• Beginner Mode Max Speed: Up to 8 mph
• Intermediate Mode Max Speed: Up to 10 mph
• Advanced Mode Max Speed: Up to 12 mph

NOTE: Other features that can be adjusted include Steering Sensitivity, Driving Force, and Auto Shutdown Time.

If you are having issues connecting to Bluetooth®, follow these steps:
1. Try restarting the Impact by turning it off and then on.
2. Click the Scan button to refresh.
3. Restart the Ride Jetson app.

RIDING RANGE
The maximum range is 12 miles. However, many factors will affect how far you can go per charge:
• Driving Surface: A smooth, flat surface will increase driving distance.
• Weight: More weight means less distance.
• Temperature: Ride, charge, and store the Impact above 50°F.
• Maintenance: Timely battery charging will increase driving distance.
• Speed and Driving Style: Frequent starting and stopping will reduce driving distance.

CLEANING THE Impact
To clean the Impact, carefully wipe with a damp cloth, then dry with a dry cloth. Do not use water to clean the Impact, as the electrical and electronic systems may get wet, resulting in personal injury or malfunction of the impact.

BATTERY
• Keep away from fire and excessive heat.
• Avoid intense physical shock, severe vibration, or impact.
• Protect from water or moisture.
• Do not disassemble the Impact or its battery.
• If there are any issues with the battery, please contact Jetson Customer Support.

STORAGE
• Fully charge the battery before storing. The battery should be fully charged once a month after this.
• Cover the impact to protect against dust.
• Store the Impact indoors, in a dry place.

MODIFICATIONS
Do not attempt to disassemble, modify, repair, or replace the product or any components of the unit without instruction from Jetson Customer Support. This will void any warranty, and can lead to malfunctions which may cause injury.

ADDITIONAL OPERATION CAUTIONS
Do not lift the product off the ground while it is on and the wheels are in motion. This can result in freely spinning wheels, which may cause injury to yourself or others nearby. Do not jump on or off the product, and do not jump while using it. Always keep your feet firmly planted on the mat sensors while in operation. Always check the battery charge before using.

DISPOSAL OF USED BATTERY
Battery may contain hazardous substances which could endanger the environment and human health. This symbol marked on the battery and/or packaging indicates that used battery shall not be treated as municipal waste. Batteries should be disposed of at an appropriate collection point for recycling. By ensuring the used batteries are disposed of correctly, you will help preventing potential negative consequences for the environment and human health. The recycling of materials will help to conserve natural resources. For more information about recycling of used batteries, please contact your local municipality waste disposal service.
Safety Warnings

Before use, please read the user manual and safety warnings carefully, and make sure you understand and accept all the safety instructions. The user will be responsible for any loss or damage caused by the improper use.

Before each cycle of operation, the operator shall perform the pre-operation checks specified by the manufacturer. That all guards and pads originally supplied by the manufacturer are in proper place and functioning properly; That the braking system is functioning properly; That any and all axle guards, chain guards, or other covers or guards supplied by the manufacturer are in place and functioning properly; That all tires are in good condition, inflated properly, and have sufficient tread remaining; That the area the product is to be operated should be safe and suitable for safe operation; That the manufacturer’s specifications and using only the manufacturer’s authorized replacement parts with installation performed by dealers or other skilled persons.

WARNING: Risk of incorrect use and improper installation performed by dealers or other skilled persons. This product should not be used by children or persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction (IEC 60335-1/A2:2006).

Changes or modifications to this unit not expressly approved by the party responsible for conformity testing could void the user’s authority to operate the equipment.

California Proposition 65

WARNING: This product can expose you to a chemical such as Cadmium that is known to the state of California to cause cancer or birth defects or other reproductive harm.

NOTICE OF COMPLIANCE

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

Shielded cables must be used with this unit to ensure compliance with the Class B FCC limits.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning off the equipment, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.
