Bio Folding Electric Scooter.

A guide for your ride.

Model: JBIO-BKB
Remember to be safe and most importantly, have fun!
**What’s in the Box**

1. Handlebar  
2. Stem Light  
3. Front Tire  
4. Quick Release  
5. Deck  
6. Rear Foot Brake  
7. Charging Port  
8. Rear Tire  
9. Charger  
10. Charging Cable

**Specs & Features**

- **Max Speed:** Up To 14 mph  
- **Max Range:** Up To 10 Miles  
- **Battery:** 36V, 4.0Ah Lithium-Ion  
- **Motor:** 250W Hub Motor  
- **Climbing Angle:** Up To 15°  
- **Weight Limit:** 265 lb  
- **Product Weight:** 24 lb  
- **Recommended Age:** 12+  
- **Product Dimensions:** 37.5” (L) × 17.5” (W) × 35.5” (H)  
- **Product Folded Dimensions:** 37.5” (L) × 17.5” (W) × 13.5” (H)  
- **Handlebar Height:** 35.5” - 45”  
- **Deck Size:** 27” × 6”  
- **Tire Size:** 8”  
- **Charger:** UL 100-240V  
- **Charge Time:** Up To 3 Hours

*Adults must assist children in the initial assembly and adjustment procedures to fold/unfold product and adjust handlebar to height.*
1. Get Started

1.1 Assembly

Connecting the Handlebars:
- Look inside of each Handlebar to see which is labeled L (left) and R (right).
- Tighten by turning the Handlebars. Make sure the Handlebars are secure.

![Handlebar Connection Diagram]

1.2 Battery Care Tips

- Only use the included charger.
- Plug the charger into the wall before the Charging Port.
- Don’t turn on the Bio while it’s charging.
- Charge the battery until it is fully charged - up to 3 hours.
- Replace the cover over the Charging Port when done.

![Charging Port]

**CHARGING INDICATOR ON THE CHARGER:**
- Charging
- Charge Complete

1.3 Unfolding / Folding the Bio

- Pull Stem up. Once you hear it click, it’s fully unfolded.
- Reverse these steps to fold the Bio.

Please Note: Images may not reflect exact appearance of actual product.
2. Make Moves

2.1 Riding the Bio

- Place one foot in front.
- Place the other foot in back, at a 70-90° angle.
- Turn the handlebar to the left or right to make turns.

1.4 Adjusting the Handlebar

- Open the Stem Clamp
- Lift (or lower) Handlebar
- Close Stem Clamp to lock. Make sure the Handlebar is secure.

1.5 Power Button

- Hold the Power Button for 3 seconds to turn the Bio on or off.
- When powered on, double click the Power Button to turn the Headlight on or off.

1.6 LCD Display

- Battery Power Level Indicator
- Speedometer
2.2 Using the Thumb Throttle

Quick Note: The Bio is motion activated, you will need to push forward with one foot (about 5-8 kicks consecutively) before using the Thumb Throttle. Also, please try to take it easy on the throttle until you get used to it.

2.3 Using the E-Brake

Quick Note: Press down on the E-Brake slowly to avoid stopping abruptly or losing control.

2.4 Using the Rear Foot Brake

Press down to come to a complete stop.
DISPOSAL OF USED BATTERY

Battery may contain hazardous substances which could endanger the environment and human health. This symbol marked on the battery and/or packaging indicates that used battery shall not be treated as municipal waste. Batteries should be disposed of at an appropriate collection point for recycling. By ensuring the used batteries are disposed of correctly, you will help preventing potential negative consequences for the environment and human health. The recycling of materials will help to conserve natural resources.

For more information about recycling of used batteries, please contact your local municipality waste disposal service.

Care & Maintenance

RIDING RANGE

The maximum range is 10 miles. However, many factors will affect how far you can go per charge:
- Driving Surface: A smooth, flat surface will increase driving distance.
- Weight: More weight means less distance.
- Temperature: Ride, charge, and store the Bio above 50°F.
- Maintenance: Timely battery charging will increase driving distance.
- Speed and Driving Style: Frequent starting and stopping will reduce driving distance.

CLEANING THE BIO

To clean the Bio, carefully wipe with a damp cloth, then dry with a dry cloth. Do not use water to clean the Bio, as the electrical and electronic systems may get wet, resulting in personal injury or malfunction of the Bio.

BATTERY

- Keep away from fire and excessive heat.
- Avoid intense physical shock, severe vibration, or impact.
- Protect from water or moisture.
- Do not disassemble the Bio or its battery.
- If there are any issues with the battery, please contact Jetson Customer Support.

STORAGE

- Fully charge the battery before storing. The battery should be fully charged once a month after this.
- Cover the Bio to protect against dust.
- Store the Bio indoors, in a dry place.

MODIFICATIONS

Do not attempt to disassemble, modify, repair, or replace the product or any components of the unit without instruction from Jetson Customer Support. This will void any warranty, and can lead to malfunctions which may cause injury.

ADDITIONAL OPERATION CAUTIONS

Do not lift the product off the ground while it is on and the wheels are in motion. This can result in freely spinning wheels, which may cause injury to yourself or others nearby. Do not jump on or off the product, and do not jump while using it. Always keep your feet firmly planted on the deck while in operation. Always check the battery charge before using.

DISPOSAL OF USED BATTERY

Battery may contain hazardous substances which could endanger the environment and human health. This symbol marked on the battery and/or packaging indicates that used battery shall not be treated as municipal waste. Batteries should be disposed of at an appropriate collection point for recycling. By ensuring the used batteries are disposed of correctly, you will help preventing potential negative consequences for the environment and human health. The recycling of materials will help to conserve natural resources.

For more information about recycling of used batteries, please contact your local municipality waste disposal service.
Safety Warnings

- Before use, please read the user manual and safety warnings carefully, and make sure you understand and accept all the safety instructions. The user will be responsible for any damage or losses caused by misuse.
- Before each cycle of operation, the operator shall perform the preoperation checks specified by the manufacturer: That all guards and pads originally supplied by the manufacturer are in proper place and condition; That the braking system is functioning properly; That any and all axle guards, chain guards, or other covers or guards supplied by the manufacturer are in place and in serviceable condition. That the tires are in good condition, inflated properly, and have sufficient tread remaining. The area that the product is to be operated should be safe and suitable for safe operation. The operators shall be maintained in complete agreement with the manufacturer’s specifications and using only the manufacturer’s authorized replacement parts with installation performed by dealers or other skilled persons.

- Warnings against recharging or using corrosive or explosive batteries.
- Do not allow hands, feet, hair, body parts, clothing, or similar articles to come in contact with moving parts, wheels, or drive train, while the motor is running.
- This product should not be used by children or persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction (IEC 60335-1/A2:2006).
- Unsupervised children should not be allowed to play with the product (IEC 60335-1/A2:2006).

- Adult supervision is required.
- The speed limit should not exceed 15.6 lb.
- Units shall not be operated to perform racing, stunt riding, or other maneuvers, which may cause loss of control, or may cause uncontrolled operator/passenger actions or reactions.
- Never operate under motor vehicle laws.
- Avoid sharp bumps, drainage grates, and sudden surface changes. Scooter may suddenly stop.
- Avoid streets and surfaces with water, sand, gravel, dirt, leaves, and other debris. Wet weather impairs traction, braking, and visibility.
- Avoid riding around flammable gas, steam, liquid, or dust that could cause fire.
- Operators shall adhere to all of the manufacturer’s recommendations and instructions, as well as comply with all laws and ordinances. Units without headlights should be operated only with adequate daylight conditions of visibility, and reflectors and reflectorized areas for low-speed riding, unit signals flag on flexible poles.
- Performing with the following conditions shall be cautioned not to operate: Those with heart conditions; Pregnant women; Persons with head, back, or neck ailments, or prior surgeries to those areas of the body; and persons with any mental or physical conditions that will reasonably influence their physical dexterity or mental capabilities to recognize, understand, and perform all of the safety instructions and to be able to assume the hazards inherent in unit use.
- Do not ride at night.
- Do not ride after drinking or taking prescription medication.
- Do not carry items when riding.
- Never operate the product barefooted.
- Always wear shoes and keep shoelaces tied.
- Support your feet are always present and secure on the deck.
- Operators always shall use appropriate protective clothing, including but not limited to a helmet, with appropriate certification, and any other equipment recommended by the manufacturer: Always wear protective equipment such as helmet, knee pads, and elbow pads.
- Always give way to pedestrians.
- Be alert to things in front and far away from you.
- Do not allow distractions when riding, such as answering the phone or engaging in any other activity.
- The product cannot be ridden by more than one person.
- When you ride the product along with other riders, always keep a safe distance to avoid a collision.
- When turning, be sure to maintain your balance.
- Riding with improperly adjusted brakes is dangerous and can result in serious injury.
- The brake may become hot while operating, do not touch the brake with your bare skin.
- Applying brakes too hard or too suddenly can lock up a wheel, which could cause you to lose control and fall. Sudden or excessive application of the brake may result in injury or death.
- If the brakes are new, please adjust with the hexagon wrench, or please contact Jetson Customer Support.
- Replace worn or broken parts immediately.
- Check whether all safety labels are in place and understood before riding.
- The owner shall allow the use and operation of the unit after a demonstration that such operators can understand and operate all components of the unit before use.
- Do not ride without proper training. Do not ride at high speeds, on uneven terrain, or on slopes. Do not perform stunts or turn abruptly.
- Recommended for indoor use.
- Prolonged exposure to UV rays, rain and the elements may damage the enclosure materials, store indoors when not in use.
