2. FEATURES & SPECS

- Weight Limit: 60 lbs.
- Product Weight: 23 lbs.
- Recommended Age: 5+
- Wheel Size: 9”
- Max Speed: Up To 2 mph
- Max Range: Up To 4 Miles
- Battery: 12V, 4.0Ah Lead Acid
- Motor: 180W Hub Motor
- Charger: 110-240V
- Charge Time: Up To 2 Hours
3. ASSEMBLING THE WHEELS

3.1 Flip the Moby to start the wheel assembly. Align the hole in the wheel with the spindle and slide it on.

3.2 Slide the wheel all the way onto the spindle. Then, place the Washer on the spindle.

3.3 Run the Cotter Pin through the hole in the spindle. Bend the Cotter Pin into an “M” shape.

3.4 Place the Wheel Cap on the Wheel.
4. ASSEMBLING THE STEERING WHEEL

4.1 Connect the two plugs of the Steering Wheel and Steering Base.

4.2 Slide the Steering Wheel into the Steering Base.

4.3 Align the holes in the Steering Wheel and Steering Base. Run the Small Bolt through the rider’s right side and tighten using the Small Nut.
5. ASSEMBLING THE SEAT

PLEASE NOTE: You will need to connect two large plugs for the battery before assembling the seat.

5.1
Clear the safety belts out of the way, then lower the Seat into position.

5.2
Make sure the Seat snaps into the front slots (it should click).

5.3
Tighten Screw

Tighten the screw in the back of the Seat to lock it in place. (Press hard on the screw to puncture the plastic).
6. CHARGING THE BATTERY

A few must-do’s:

- Only use the included charger
- Plug the charger into the wall before the Charging Port
- Don’t turn on the Moby while it’s charging (it needs its rest)
- Charge the battery until it is fully charged - up to 2 hours
- Replace the cover over the Charging Port when done
- Remember to have fun!

CHARGING INDICATOR ON THE CHARGER:
Red Light: Battery is charging
Green/Blue Light: Charging is complete
7. RIDING THE MOBY

1. Steering Wheel - turn the Steering Wheel in the direction you would like to go.
2. Horn
3. Power Button - Turns the Moby on and off
4. Forward/ Reverse - Flip the switch to change from Forward, Reverse, or Neutral.
5. Pedal - Press the Pedal to move forward or reverse.
8. USING THE REMOTE CONTROL

1. Remove battery cover at the back of the Remote Control.
2. Insert two AAA (1.5V) batteries into the battery compartment. Replace the battery cover.
3. Turn the Moby on.
4. Hold the Pairing Button for 3 seconds to connect to the Moby.

The remote control will automatically turn off if not used for 15 seconds to save battery power.
9. CARE AND MAINTENANCE

RIDING RANGE
The average range is 4 miles. However, several factors will affect how far you can go per charge:
• Driving Surface: A smooth, flat surface will increase driving distance.
• Weight: More weight means less distance.
• Temperature: Ride and store the Moby above 50°F.
• Maintenance: Timely battery charging and maintenance will increase driving distance.
• Speed and Driving Style: Frequent starting and stopping will reduce driving distance.

CLEANING THE MOBY
To clean the Moby, carefully wipe with a damp cloth, then dry with a dry cloth. Do not use water to clean the Moby, as the electrical and electronic systems may get wet, resulting in personal injury or malfunction of the Moby.

BATTERY
• Keep the Moby away from fire and excessive heat.
• Do not subject the Moby to intense physical shock, severe vibration, or impact.
• Protect from water and moisture.
• Do not disassemble the Moby or its battery.
• If there are any issues with the battery, please contact Jetson Customer Support.

STORAGE
• Fully charge the battery before storing. The battery should be fully charged once a month after this.
• To protect against dust, cover the Moby.
• Store the Moby indoors, in a dry place and at a suitable temperature.
• You should bring the Moby into a warm environment for charging.
10. SAFETY WARNINGS

- For your safety, please read the user manual and safety warnings carefully, and make sure you understand and accept all the safety instructions. The user will be responsible for any loss or damage caused by improper use.
- Children, the elderly, pregnant women, and those with heart conditions should not use this product.
- The rider should not exceed 60 lbs.
- Do not ride at night.
- Do not ride near motor vehicles.
- Do not ride after drinking or taking prescription medication.
- Do not ride this product if you have had any head, back, or neck ailments, or prior surgeries to those areas.
- Persons with any mental or physical conditions that may make them susceptible to injury or impair their dexterity or mental capabilities should recognize, understand, and perform all of the safety instructions and be able to assume the hazards inherent in using this product.
- Do not carry items when riding.
- Always wear shoes, a helmet, and appropriate safety gear.
- Prior to each ride, inspect each part of the product to ensure it has been maintained correctly and is functioning properly.
- Always give way to pedestrians.
- Always comply with local traffic laws and regulations.
- Be alert to things in front of you and far away from you.
- Make sure your feet are always placed securely on the deck.
- The product cannot be ridden by more than one person.
- When you ride this product along with other riders, always keep a safe distance to avoid a collision.
- When turning, be sure to maintain your balance.
- Do not allow distractions when riding, such as answering the phone or engaging in any other activities.
- Avoid riding in the rain or on smooth surfaces such as snow or ice.
- Do not ride on roads with obstacles (such as litter, small stones, etc.).
- Avoid riding in narrow spaces or on steep slopes.
- Avoid riding around flammable gas, steam, liquid, or dust that could cause fire.
- Never operate this product barefooted and keep shoelaces tied.
- Riding with improperly adjusted brakes is dangerous and can result in serious injury or death.
• Applying brakes too hard or too suddenly can lock up a wheel, which could cause you to lose control and fall. Sudden or excessive application of the brake may result in injury or death.
• Do not ride without proper training. Do not ride at high speeds, on uneven terrain, or on slopes. Do not perform stunts or turn abruptly.
• The area that this product is to be operated should be safe and suitable for safe operation.
• Check whether all safety labels are in place and understood before riding.
• The owner shall allow the use and operation of the unit after a demonstration that such operators can understand and operate all components of the unit before use.
• Operators shall adhere to all of the manufacturer’s recommendations and instructions, as well as comply with all laws and ordinances.
• Only ride the product with adequate daylight conditions for visibility.
• We encourage you to highlight the product, for visibility, by using lighting, reflectors, and signal flags on flexible poles.

CALIFORNIA PROPOSITION 65

⚠️ WARNING: This product can expose you to a chemical such as Cadmium that is known to the State of California to cause cancer or birth defects or other reproductive harm. For more information go to www.p65warnings.ca.gov/product

MODIFICATIONS

Do not attempt to disassemble, modify, repair, or replace the unit or any components of the unit without instruction from Jetson Customer Support. This will void any warranty, and can lead to malfunctions which may cause injury.

ADDITIONAL OPERATION CAUTIONS

Do not lift the product off the ground while it is on and the wheels are in motion. This can result in freely spinning wheels, which may cause injury to yourself or others nearby. Do not jump on or off the product, and do not jump while using it. Always keep your feet firmly planted on the deck while in operation. Always check the battery charge before using.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
