Congratulations on your new Jetson Drifter Electric Powered 360° Racer! The Drifter is an innovative and fun electric racer, ready to take on everyday use. Before your first ride, check whether the wheels are damaged, or parts are loose. If there are any abnormalities, please contact Jetson Customer Support at 1-(888) 976-9904 or email us at customerservice@jetsonbike.com.

This product manual can help you understand, use, and maintain your Drifter. In order to avoid danger caused by collisions, falls, and loss of control, please use caution and learn how to ride the Drifter safely. Jetson and authorized dealers cannot be held liable for injury or damage caused from riding the Drifter. Users ride at their own risk.

The rider is responsible for consequences caused by violating warnings or improper operations.

If you want to return this product for any reason, be sure to first call or email us before taking it back to the store so we can assist you.
IN THE BOX

Included in the box:
- Drifter (some assembly required)
- Manual
- Charger
- Charging Cable
- 1x Large Screw
- 2x Medium Screws
- 4x Small Screws
- Allen Wrench

1. Front Wheel
2. Foot Rests
3. Base
4. Headlight
5. Handlebar
6. Stem
7. Seat
8. Fork
9. Back Wheels
10. Charging Cable
11. Charger
FEATURES AND SPECS

MODEL: DRIFTER

WHEEL SIZE: FRONT: 8”
   REAR: 3”

MAX SPEED: 6 MPH

MAX RANGE: 8 MILES

BATTERY TYPE: LEAD ACID

BATTERY CAPACITY: 12V, 8AH

MOTOR TYPE: CHAIN

MOTOR: 120W

CHARGER: UL AC110-240V

CHARGE TIME: 2-3 HOURS

PRODUCT WEIGHT: 24.6 LBS

WEIGHT LIMIT: 154 LBS

RECOMMENDED AGE: 8+

WATER RESISTANT: NO

CLIMBING: 10°
**ASSEMBLY**

**Step One:** Attach the Back Wheels to the bottom of the Fork and tighten into place using the provided Allen Wrench. Then, insert the Stem into the Fork and attach using the two Medium Screws. Make sure the bolts and the screws are tight and secure.
Step Two: Insert the Stem Tube into the back of the Base. Properly align the holes in the Stem Tube with the holes in the back of the Base. Secure the two pieces together using the Large Screw.

Step Three: Align the holes in the Seat with the holes in the Frame and attach using the four Small Screws.
Your Drifter comes with a built-in rechargeable lead acid battery. Always use the provided charger only. The Charging Port is located below the Stem Tube of the Drifter. Please remember to cover the Charging Port when you are done charging the Drifter. Before your first ride you must fully charge the Drifter - charge for 4 hours for the first 3 times you use it. For every ride after, charge your Drifter until it is fully charged, and NOT LONGER. Do not leave any chargers plugged in overnight, or leave it plugged in past the charge time.

1. Plug one end of the power cord into a grounded AC outlet and the other into the Drifter’s Charging Port. The red charging light on the charger unit will turn on.

2. The red light will turn green once fully charged. Recharge the Drifter after each use.

(Please note: Always plug the charger into the wall first before the device. If the wall outlet doesn’t have power and you plug the charger into the device first, it will light green, even if the battery is not full. So always plug into the wall first to make sure there is power.)

THE CHARGER OFFERS A CHARGING STATUS ON THE TOP OF THE CHARGER:

CHARGING LIGHT RED: Battery is charging.
CHARGING LIGHT GREEN: Charging is complete.

Don’t use the Drifter if the battery emits strange odors, overheats, or begins leaking. If the battery does leak, do not touch any leaking materials, as the battery contains dangerous substances. Do not open the battery and do not insert anything into the battery.

Only use the provided charger for the Drifter. Do not charge the battery if it has over-discharged. It should be discarded for your safety. Do not turn on the Drifter while it is charging.
OPERATING THE DRIFTER

SAFE RIDING
Helmet: Most serious injuries that occur while riding are head injuries. This could be prevented by wearing a helmet.
Elbow and Knee Pads: For added protection, always wear elbow and knee pads when riding your Drifter, to prevent any serious injuries.

Get to know the Drifter before riding it. Test your control over it. Make your turns slowly and cautiously, and give yourself stopping distance. Always keep your feet on the Foot Rests and both hands holding onto the Handlebar when you ride. It is recommended you practice your first ride on the Drifter in an open space with no obstacles in your way.

Turns - The turns on the Drifter are commanded by the direction you turn the Handlebar/Front Wheel in. Before turning, look both ways to make sure your path is clear.

TURNING THE DRIFTER ON AND OFF
To turn the Drifter on, flip the Power Switch located on the left side of the Drifter below the Stem Tube to “I” or on.

To turn the Drifter off, first make sure the Drifter is not in motion. Then, flip the Power Switch to “O” or off.
UNFOLDING THE FOOT RESTS
Push the Foot Rests down. When riding, the Foot Rests should always be down with both feet on the Foot Rests.

START RIDING
Place both hands on the Handlebar, choose the Speed Mode (Speed 1 is slower than Speed 2), and press the Throttle Button.
STOPPING THE DRIFTER
To stop, release the Throttle Button and apply the Brake until the Drifter comes to a complete stop.

ADJUSTING THE BRAKE
To adjust the brake cable tension, turn the Brake Lever Adjuster in or out a quarter to half turn, until the desired brake adjustment is attained.
DRIVING RANGE
The average range of the Drifter is 8 miles. However, a lot of factors will affect how far you can go per charge:

• Driving surface: A smooth, flat surface will increase driving distance.
• Weight: More weight means less distance.
• Ambient temperature: Please ride and store the Drifter under recommended temperature, which will increase its longevity and driving distance.
• Maintenance: Timely battery charging and maintenance will increase driving distance.
• Speed and driving style: Maintaining a moderate speed will increase distance. Frequent starting and stopping, acceleration, and deceleration will reduce it.

SPEED LIMIT
The top speed of the Drifter is 6 mph.

WEIGHT LIMIT
The maximum load is 154 lbs. Going above the maximum weight limit can cause injury or damage the Drifter.

CLEANING THE DRIFTER
To clean the Drifter carefully wipe with a damp cloth, then dry with a dry cloth. Do not use water to clean the Drifter, as the electrical and electronic systems may get wet, resulting in personal injury or malfunction of the Drifter.

BATTERY
• Keep the Drifter away from fire and excessive heat.
• To avoid damage to the battery, never subject the Drifter to intense physical shock, severe vibration, or impact.
• Protect the Drifter from water or moisture.
• Never disassemble the Drifter or its battery.
• If there are any issues with the battery, please contact Jetson Customer Support at 1-(888) 976-9904 or email us at customerservice@jetsonbike.com.
STORAGE
• If you plan on storing the Drifter for a substantial period of time, please make sure you fully charge the battery before storing. The battery should be fully charged once a month after this.
• To protect against dust, cover the Drifter.
• Store the Drifter indoors, in a dry place and at a suitable temperature.
• You should bring the Drifter into a warm environment (above 50 degrees Fahrenheit) for charging.
• Do not leave the Drifter plugged into the charger for long periods of time.

SAFETY WARNINGS

Here are some useful tips to make sure you always have a safe ride:

• Do not ride after drinking or taking prescription medication.
• Do not carry items when riding.
• Prior to each ride, inspect each part of the Drifter to ensure it has been maintained correctly and is functioning properly.
• Always give way to pedestrians.
• Always comply with local traffic laws and regulations. Remember, the Drifter is a motor vehicle, and is treated as such by local law enforcement. You can and will be arrested for drunk driving. Many cities have restrictions on where you can drive motor vehicles, as well as additional restrictions on driving non-automobiles on streets and highways.
• Be alert to things in front and far away from you.
• Make sure your feet are always placed securely on the foot rests.
• The Drifter cannot be ridden by more than one person. Only one person can ride at a time.
• When you ride the Drifter along with other riders, always keep a safe distance to avoid a collision.
• When turning, be sure to maintain your balance.
• Do not allow distractions when riding, such as answering the phone or engaging in any other activities.
• Avoid riding in the rain or on smooth surfaces such as snow or ice.
• Do not ride on roads with obstacles (such as litter, small stones, etc.).
• Avoid riding in narrow spaces or on steep slopes.
• Avoid riding around flammable gas, steam, liquid, or dust that could cause fire.
• Never operate the product barefooted and keep shoelaces tied.
CALIFORNIA WARNING
This product contains chemicals, including lead, which are known to
the state of California to cause cancer, birth defects, and other medical
conditions.

MODIFICATIONS
Do not attempt to disassemble, modify, repair, or replace the Drifter or
any components of the unit without instruction from Jetson Customer
Support. This will void any warranty, and can lead to malfunctions which
may cause injury.

ADDITIONAL OPERATION CAUTIONS
Do not lift the Drifter off the ground while it is on and the wheels are in
motion. This can result in freely spinning wheels, which may cause injury
to yourself or others nearby. Do not jump on or off the Drifter, and do
not jump while using it. Always keep your feet firmly planted on the foot
rests while in operation.
LIMITED 1 YEAR WARRANTY

TO QUALIFY FOR WARRANTY SERVICE:
1. You must present a copy of the sales receipt from an approved retail partner within 90 days of purchase.
2. This product cannot be used for rental or commercial use.
3. This product cannot be used for competition.

LIMITATIONS OF LIABILITY
• This Limited 1 Year Warranty is non-transferable after the product’s initial sale.
• No unapproved modifications can be made to the product, its performance or otherwise, in order for this Limited 1 Year Warranty to remain in effect.
• No reimbursement is provided for towing, loss of time, loss of use, inconvenience, incidental or consequential damages.
• Warranty is void if weather related water damage is determined. Owner is responsible for storage and protection from weather.
• Jetson® makes no warranty with respect to products or trade accessories not made by Jetson®, including, but not limited to, motors, tires, wheels, and batteries, such products or trade accessories, such items being subject to the original manufacturer’s warranty, if any.
• This Limited 1 Year Warranty does not cover minor surface blemishes, rips, tears, or other cosmetic damages due to normal use, or other intentional or unintentional damage to the product.
• This Limited 1 Year Warranty will not cover any damage which results from the application of improper cleaners, solvents or chemicals to the product, water damage, smoke or soot, or from exposure to saltwater, sea breeze or salt.
• This Limited 1 Year Warranty will not cover any damage which results from aging, such as fading of paint, deterioration of plated surfaces, deterioration of rubber or plastics, or rusting.
• This Limited 1 Year Warranty does not cover improper repair or misdiagnoses of problems.
• This Limited 1 Year Warranty only covers parts due to manufacturer defect.
• Damage due to misuse or neglect, use other than as specified in the Owner’s Manual, or use under abnormal conditions are not covered by this Limited 1 Year Warranty.

OWNER’S WARRANTY RESPONSIBILITIES
As the device’s owner, you are responsible for the performance of the required maintenance. You may be denied a warranty claim solely because of your failure to ensure the performance of all scheduled maintenance. As the owner, you should be aware that you may be denied your warranty coverage if your device or a part has failed due to abuse, neglect, improper maintenance, or unapproved modifications. For any issue regarding your Jetson® product, call toll free 1-(888) 976-9904, or email customerservice@jetsonbike.com.
Please complete and mail this card within 10 days of purchase or go to https://www.ridejetson.com/product-registration.
