1. WHAT’S IN THE BOX

1. FRONT WHEEL  
2. LED LIGHT-UP STEM  
3. STEM CLAMP  
4. HANDLEBAR  
5. QUICK RELEASE LEVER  
6. DECK  
7. REAR FOOT BRAKE  
8. REAR WHEEL  
9. KNOB
2. FEATURES & SPECS

- Weight Limit: 132 lbs.
- Product Weight: 6 lbs.
- Recommended Age: 5+
- Wheel Size: 100 mm
- Rear Foot Brake
- Height Adjustable Handlebar
- LED Light-Up Deck & Stem
- LED Light-Up Wheels
3. ASSEMBLY

3.1 Slide Handlebar onto Stem

3.2 Quick Note: Place the Nut on the right side when facing the front of the Orbit.

Tighten using Bolt and Nut
4. UNFOLDING THE ORBIT

4.1
- Open the Locking Lever

4.2
- Loosen Knob

4.3
- Pull up on the Quick Release Lever
4.4

4.5

Once you hear it click, it’s fully unfolded

Tighten Knob

4.6

Close the Locking Lever
5. ADJUSTING THE HANDLEBAR

5.1 Open the Stem Clamp

5.2 Lift (or lower) Handlebar

5.3 Close Stem Clamp to lock

Wait until it clicks
6. RIDING THE ORBIT

When riding, keep one foot behind the other. It’s more comfortable to place one foot forward and the other one turned at 70-90° (it will help you gain more stability).

The turns on the Orbit are commanded by the direction you turn the Handlebar/Front Wheel in. Remember to always check both ways before turning!
7. USING THE BRAKE

7.1

7.2
8. FOLDING THE ORBIT

8.1
Open the Locking Lever

8.2
Loosen Knob

8.3
Pull up on the Quick Release Lever
8.4

8.5

Once you hear it click, it’s fully folded

Tighten Knob

8.6

Close the Locking Lever
9. CHANGING THE BATTERIES

BATTERY DOOR
1. Open the Battery Door with a screwdriver.
2. Place 3 AA batteries inside.
3. Close the Battery Door with that same screwdriver.
4. You’re all set!
10. LED LIGHTS

LED LIGHT FUNCTIONS
1. Press the Power Button to turn on the LED Lights.
2. You can cycle through 7 different light functions by pressing on the Power Button (the 8th time will turn off the lights).
3. To skip the cycle and turn off the lights hold the Power Button for 3 seconds.

Quick Note: When you’re done riding the Orbit, remember to turn off the lights to save battery life!
11. CARE AND MAINTENANCE

CLEANING THE ORBIT
To clean the Orbit, carefully wipe with a damp cloth, then dry with a dry cloth. Do not use water to clean the Orbit, this may damage the frame.

STORAGE
• Store the Orbit indoors, in a dry place.
• To protect against dust, cover the Orbit.

FEW MUST-DO’S
• Keep the Orbit away from fire and excessive heat.
• Do not subject the Orbit to intense physical shock, severe vibration, or impact.
• Please ride the Orbit on a smooth, flat surface (that’s when it performs at its best).
• Protect from water or moisture.
• If there are any issues with the Orbit, please contact Jetson Customer Support. We’d love to help!
12. SAFETY WARNINGS

- This product is suitable for children age 5+, and for use on private property and closed courses. Always ride defensively, and watch out for potential obstacles that may catch your wheel or cause you to swerve suddenly.
- The rider should not exceed 132 lbs.
- The Orbit should always be used under adult supervision.
- Always check any local laws or regulations which may affect where the Orbit may be used.
- Ride at your own risk and use common sense. Any rider that is unable to fit comfortably on the product should not attempt to ride it. All decisions on who is allowed to ride the Orbit should be made based on their maturity, skill, and ability to follow the rules.
- The Orbit is designed for one rider. Never carry passengers, and do not attach the Orbit to other objects.
- This product was manufactured for performance and durability, but is not impervious to damage. Jumping and aggressive riding should be avoided under all circumstances. The rider assumes all responsibility and risk associated with high-stress activity.
- Keep your fingers and other body parts away from all other moving components when operating the Orbit. Keep your hands on the handlebars at all times.
- Do not wear headphones or use a cell phone while operating the Orbit.
- Do not operate the Orbit in wet or icy weather, and never immerse the product in water.
- Avoid excessive speeds when riding downhill, as it increases the risk of accident and injury. Avoid wet, slick, bumpy, uneven or rough surfaces while using the Orbit. Never risk damaging surfaces such as carpet and flooring by using the product indoors.
- Always wear proper protective equipment, such as a helmet, elbow pads, and knee pads. Athletic shoes with rubber soles are best for riding the Orbit.
- Never operate the product barefooted or in sandals, and keep shoelaces tied and away from the wheels.
- The brake may become hot while operating, do not touch the brake with your bare skin.
- Make sure all screws are tightened, and all clamps and locks are properly secured before riding.
- The area that the Orbit is to be operated should be safe and suitable for safe operation.
• Check whether all safety labels are in place and understood before riding.
• The owner shall allow the use and operation of the unit after a demonstration that such operators can understand and operate all components of the unit before use.
• Operators shall adhere to all of the manufacturer’s recommendations and instructions, as well as comply with all laws and ordinances.
• Only ride the Orbit with adequate daylight conditions for visibility.
• Ride on smooth, paved surfaces away from motor vehicles.
• Avoid sharp bumps, drainage grates, and sudden surface changes. The scooter may suddenly stop.
• Adults must assist children in the initial adjustment procedures to unfold the scooter, adjust handlebar and steering to height, and finally, to fold the scooter.
• Obey all local traffic and scooter riding laws and regulations.
• Watch out for pedestrians.
• Replace worn or broken parts immediately.
• We encourage you to highlight the Orbit, for visibility, by using lighting, reflectors, and signal flags on flexible poles.

CALIFORNIA PROPOSITION 65

⚠️ WARNING: This product contains chemicals, including lead, which are known to the state of California to cause cancer, birth defects, and other medical conditions.

MODIFICATIONS
Do not attempt to disassemble, modify, repair, or replace the Orbit or any components of the unit without instruction from Jetson Customer Support. This will void any warranty, and can lead to malfunctions which may cause injury.

ADDITIONAL OPERATION CAUTIONS
Do not lift the Orbit off the ground while it is on and the wheels are in motion. This can result in freely spinning wheels, which may cause injury to yourself or others nearby. Do not jump on or off the Orbit, and do not jump while using it. Always keep your feet firmly planted on the deck while in operation.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
