**What’s in the Box**
- 1. Front LED Lights
- 2. Power Button
- 3. Charging Port
- 4. Charger

**Specs & Features**
- Weight Limit: 220 lb
- Product Weight: 17 lb
- Product Dimensions: 23.60” x 7.46” x 7.26”
- Recommended Age: 12+
- Tire Size: 6.5” All-Terrain Tires
- Max Speed: Up To 10 mph
- Max Range: Up To 10 Miles
- Battery: 36V, 26AH Lithium-Ion
- Motor: 360W Dual Hub
- Charger: UL LISTED, 110-240V
- Charge Time: Up To 3 Hours
- Climbing Angle: Up To 10°

**Remember to be safe and most importantly, have fun!**

---

**1. Get Started**

**1.1 Charging the Battery**
- Only use the included charger
- Plug the charger into the wall before the Charging Port
- Don’t turn on the Sphere while it’s charging
- Charge the battery until it is fully charged - up to 9 hours
- Replace the cover over the Charging Port when done

- Charging
- Charge Complete

**1.2 Indicator Lights**

Status Light: If this light turns red or if you are having issues with the Sphere, you may need to recalibrate it.
Balance Light: Active Balance Technology is on, which levels the Sphere as you ride.
Power Light: The Sphere is powered on.
Warning: The Sphere will automatically turn off once the battery power goes below 10% as a safety precaution.

**1.3 How to Recalibrate**

Hold for 6 seconds

Follow these 3 simple steps...
1. Place the Sphere on a flat, level surface.
2. Hold the Power Button (for about 6 seconds) until you are notified of a successful recalibration.
3. Restart the Sphere by turning it off and then on.

*Admin must assist children in the initial adjustment procedures of the product.

Care & Maintenance

Safety Warnings
- Before using, please read the user manual and safety warnings carefully, and make sure you understand and accept all the safety instructions. The user will be responsible for any loss or damage caused by improper use.
- Disposal of used batteries must be disposed of in accordance with the manufacturer's instructions.
- Do not use this product in any way that is not described in the user manual.

Riding Range
- The maximum range is 10 miles. However, many factors will affect how far you can go on each charge.
- Driving Surface: A smooth, flat surface will increase driving distance.
- Weight: More weight means less distance.
- Temperature: Ride, store, and charge the Sphere above 60°F.
- Maintenance: Battery charging will increase driving distance.
- Driving Style: Frequent starting and stopping will reduce driving distance.

Cleaning the Sphere
To clean the Sphere, carefully wipe with a damp cloth, then dry with a dry cloth. Do not use water to clean the Sphere, as the electrical and electronic systems may get wet, resulting in personal injury or malfunction of the Sphere. If the electric parts of the battery get wet, do not power on. Please contact Jetson Customer Support for assistance.

Battery
- Keep away from fire and excessive heat.
- Avoid intense physical shock, severe vibration, or impact.
- Do not use water or any other liquid to clean the battery.
- Do not disassemble the Sphere or its battery.
- Contact Jetson Customer Support if there are any issues with the battery.

Storage
- Fully charge the battery before storing. The battery should be fully charged once a month after this.
- Cover the Sphere to protect against dust.
- Keep the battery in a cool, dry place.

Modifications
Do not attempt to disassemble, modify, repair, or replace any parts of the product or any accessories included with the product. The company will not be liable for any damage caused by modifications.

Additional Operations Caution
- Do not lift the product off the ground with one or both hands while you are riding.
- Do not try to yalnız olarak bandı askıya almayı deneyin.
- Do not attempt to ride the Sphere over uneven or rocky terrain.
- Do not ride the Sphere on wet or slippery surfaces.
- Do not attempt to ride the Sphere in heavy rain or snow.
- Do not attempt to ride the Sphere on steep inclines or declines.
- Do not ride the Sphere in crowded areas.
- Do not attempt to ride the Sphere in high winds.
- Do not attempt to ride the Sphere in extreme temperatures.
- Do not attempt to ride the Sphere in low visibility conditions.

Disposal of Used Battery
- Battery may contain hazardous substances which could endanger the environment and human health. This symbol means on the battery and is the International symbol for recycling and disposal of used batteries.
- Batteries should be disposed of at an appropriate collection point for recycling. By ensuring the used batteries are disposed of correctly, you will help protect the environment.
- Battery life will be reduced if used in poor conditions or if the battery is not charged correctly.

California Proposition 65
WARNING
This product may express you to a chemical such as Cadmium that is known to the state of California to cause cancer or birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Notice of Compliance
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference which may cause undesired operation.
