**DISPOSAL OF USED BATTERY**

Battery may contain hazardous substances which could endanger the environment and human health. This symbol marked on the battery and/or packaging indicates that used battery shall not be treated as municipal waste. Batteries should be disposed of at an appropriate collection point for recycling. By ensuring the used batteries are disposed of correctly, you will help preventing potential negative consequences for the environment and human health. The recycling of materials will help to conserve natural resources. For more information about recycling of used batteries, please contact your local municipality waste disposal service.

---

**Riding Range**

The maximum range is 7 miles. However, many factors will affect how far you can go per charge:

- **Driving Surface:** A smooth, flat surface will increase driving distance.
- **Weight:** More weight means less distance.
- **Temperature:** Ride, store, and charge the Tracer above 50°F.
- **Maintenance:** Timely battery charging will increase driving distance.
- **Driving Style:** Frequent starting and stopping will reduce driving distance.

---

**Cleaning the Tracer**

To clean the Tracer, carefully wipe with a damp cloth, then dry with a dry cloth. Do not use water to clean the Tracer, as the electrical and electronic systems may get wet, resulting in personal injury or malfunction of the Tracer. If the electric parts or battery get wet, do not power on the Tracer. Please contact Jetson Customer Support for assistance.

---

**Battery**

- Keep away from fire and excessive heat.
- Avoid intense physical shock, severe vibration, or impact.
- Protect from water or moisture.
- Do not disassemble the Tracer or its battery.
- Contact Jetson Customer Support if there are any issues with the battery.

---

**Storage**

- Fully charge the battery before storing. The battery should be fully charged once a month after this.
- Cover the Tracer to protect against dust.
- Store the Tracer indoors, in a dry place.

---

**Modifications**

Do not attempt to disassemble, modify, repair, or replace the product or any components of the unit without instruction from Jetson Customer Support. This will void any warranty, and can lead to malfunctions which may cause injury.

---

**Additional Operation Caution**

Do not lift the product off the ground while it is on and the wheels are in motion. This can result in freely spinning wheels, which may cause injury to yourself or others nearby. Do not jump on or off the product, and do not jump while using it. Always keep your feet firmly planted on the mat sensors while in operation. Always check the battery charge before using.
Safety Warnings

• Before use, please read the user manual and safety warnings carefully, and make sure you understand and accept all the safety instructions. The user will be responsible for any damage or injury caused by misuse.

• Before each cycle of operation, the operator shall perform the preoperation checks specified by the manufacturer: That all guards and pads originally supplied by the manufacturer are in proper place and functioning properly; That the braking system is functioning properly; That any and all axle guards, chain guards, or other covers or guards supplied by the manufacturer are in place and in serviceable condition; That tires are in good condition, inflated properly, and have sufficient tread remaining. The area that the product is to be operated should be safe and suitable for safe operation.

• Components shall be maintained and repaired in accordance with the manufacturer’s specifications and using only genuine manufacturer’s authorized replacement parts with installation performed by dealers or other skilled persons.

• Wear protective clothing when recharging lead acid batteries.

• Don’t allow hands, feet, hair, body parts, clothing, or similar articles to come in contact with moving parts, wheels, or drive train, while the motor is running.

• The equipment should not be used by children or persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction (IEC 60335-1/A2:2006).

• Unsupervised children shall not play with the product (IEC 60335-1/A2:2006).

• Adult supervision is required.

• The rider should not exceed 220 pounds (100 kg).

• Do not use or attempt to perform racing, stunt riding, or other maneuvers, which may cause loss of control, or may cause uncontrolled operator/passenger actions or reactions.

• Never place or store more than one person on a product at a time.

• Sharp Minor Burn: Be sure to replace the product with a product that has a fire department listing, brand, or mark for the area you are using it in.

• Prolonged exposure to UV rays, rain and the elements may damage the enclosure.

• Recommended for indoor use.

• The product cannot be ridden by more than one person.

• Do not allow distractions when riding, such as answering the phone or engaging in any other activities.

• The product cannot be ridden by more than one person.

• Always wear shoes and keep shoelaces tied.

• Make sure your feet are always positioned securely on the deck.

• Operators shall adhere to all of the manufacturer’s recommendations and instructions, as well as comply with all laws and ordinances: Units without headlights shall be operated only with adequate daylight conditions of visibility; and, Owners shall be encouraged to highlight the reflectors, reflectors, or other safety features at night, or in dark places, signals flag on flexible poles.

• People with the following conditions shall be cautioned not to operate: Those with heart conditions; Pregnant women; Persons with head, back, or neck ailments, or prior surgeries to those areas of the body; and persons with any mental or physical conditions that may make them susceptible to injury if their physical dexterity or mental capabilities to recognize, understand, and perform all of the safety instructions and to be able to assume the hazards inherent in unit use.

California Proposition 65

WARNING

This product can expose you to a chemical such as Cadmium that is known to the state of California to cause cancer or birth defects or other reproductive harm. For more information go to www.p65warnings.ca.gov/product

NOTICE OF COMPLIANCE

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTICE

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.

• Increase the separation between the equipment and receiver.

• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

• Consult the dealer or an experienced radio/TV technician for help.

Shields certified must be used with this unit to ensure compliance with the Class B FCC limits.
