To reduce the risk of injury, adult supervision is required. Never use in roadways, near motor vehicles, on or near steep inclines or steps, swimming pools or other bodies of water; always wear shoes, and never allow more than one rider.

*Adults must assist children in the initial assembly and adjustment procedures to fold/unfold product and adjust handlebars.

Please Note: Images may not reflect exact appearance of actual product.
1. Get Started

1.1 Charging the Battery

- Only use the included charger
- Plug the charger into the wall before the Charging Port
- Don’t turn on the Z12 Galaxy while it’s charging (it needs its rest)
- Charge the battery until it is fully charged - up to 3 hours
- Replace the cover over the Charging Port when done

**Warning:** If the battery power goes below 10%, the Z12 Galaxy will automatically turn off as a safety precaution.

**Status Indicator Light** - Lights up green when you step onto the Z12 Galaxy. If the Status Indicator Light turns red or if you are having issues with the Z12 Galaxy, you may need to recalibrate it.

1.2 Indicator Lights

**Battery Indicator Light** - Charging
- Charging
- Charge Complete

<td>&lt;10%</td>
</tr>
<tr>
<td>2</td>
<td>10-20%</td>
</tr>
<tr>
<td>3</td>
<td>20%+</td>
</tr>
</tbody>
</table>

- Only use the charger specified by the manufacturer

1.3 How to Recalibrate

Follow these 3 simple steps...

1. Place the Z12 Galaxy on a flat, level surface.
2. Hold the Power Button (for about 5 seconds) until you are notified of a successful recalibration.
3. Restart the Z12 Galaxy by turning it off and then on.

2. Assembly

2.1 Assembling the JetKart® XT
Please Note: You will need to tighten the two clamps. Hold the knob in place while turning the lever. Then, close the lever to tighten the clamp. Make sure the Foot Rest Tube is secure before riding.

Quick Reminder: Remember to do this on both sides of the JetKart® XT

1. Adjust to preferred height

2. Tighten Knob

2.2 Attaching the JetKart® XT

• Loosen bolt to adjust brackets on top of the hoverboard
• Adjust the brackets so they are tight on the hoverboard then tighten bolt
• Run the velcro straps through the adjustable brackets
• Pull the velcro straps tight and fold
3. Make Moves

3.1 Riding the Z12 Galaxy

<table>

</tbody>
</table>

3.2 Riding the JetKart® XT

<table>
<thead>
<tr>
<th>Action</th>
<th>Key</th>
</tr>
</thead>
<tbody>
<tr>
<td>FORWARD</td>
<td>PUSH DOWN</td>
</tr>
<tr>
<td>BRAKE/ REVERSE</td>
<td>PULL UP</td>
</tr>
<tr>
<td>TURN LEFT</td>
<td></td>
</tr>
<tr>
<td>TURN RIGHT</td>
<td></td>
</tr>
</tbody>
</table>

Note: If the Z12 Galaxy is not leveled when you turn it on, the Jetkart XT will go forward or backward immediately. Tighten all screws and locking nuts before each ride to ensure they are tight.

Connecting to Bluetooth®

The Z12 Galaxy comes equipped with two Bluetooth® modules - one for the Bluetooth® speaker and one for the Ride Jetson app.

To connect to your Bluetooth® speaker:
- Turn on the Z12 Galaxy, and it will become discoverable to your handheld device.
- Activate your Bluetooth® in your handheld device’s settings.
- Find the Z12 Galaxy in your handheld device’s list and select it.
- Now you can play your music.

To connect to the Ride Jetson app:
- Open the Ride Jetson app on your handheld device.
- Tap the Bluetooth® symbol in the top left corner of the app.
- Select your Z12 Galaxy. Default password is 000000.
  (To customize your password go to Settings in the App. If you forget your new password, you can factory reset the Z12 Galaxy by recalibrating).
- You should now be connected to the Z12 Galaxy!

MODE SETTINGS

In the Ride Jetson app you can choose from three settings:
- Beginner Mode Max Speed: Up to 6 mph
- Intermediate Mode Max Speed: Up to 8 mph
- Advanced Mode Max Speed: Up to 10 mph

NOTE: Other features that can be adjusted include Steering Sensitivity, Driving Force, and Auto Shutdown Time.

If you are having issues connecting to Bluetooth®, follow these steps:
1. Try restarting the Z12 Galaxy by turning it off and then on.
2. Click the Scan button to refresh.
3. Restart the Ride Jetson app.
CLEANING
THE JetKart® XT
To clean the JetKart® XT, carefully wipe with a damp cloth, then dry with a dry cloth. Do not use water to clean the JetKart® XT, this may damage the frame or seat.

THE Z12 GALAXY
To clean the Z12 Galaxy, carefully wipe with a damp cloth, then dry with a dry cloth. Do not use water to clean the Z12 Galaxy, as the electrical and electronic systems may get wet, resulting in personal injury or malfunction of the Z12 Galaxy. If the electric parts or battery get wet, do not power on the Z12 Galaxy. Please contact Jetson Customer Support for assistance.

FEW MUST-DO’S
• Keep away from fire and excessive heat.
• Avoid intense physical shock, severe vibration, or impact.
• Please ride the JetKart XT on a smooth, flat surface.
• Protect from water or moisture.
• Contact Jetson Customer Support if there are any issues with the JetKart XT.

RIDING RANGE
The maximum range is 10 miles. However, many factors will affect how far you can go per charge:
• Driving Surface: A smooth, flat surface will increase driving distance.
• Weight: More weight means less distance.
• Temperature: Ride, store, and charge the Z12 Galaxy above 50°F.
• Maintenance: Timely battery charging will increase driving distance.
• Riding Style: Frequent starting and stopping will reduce driving distance.

BATTERY
• Keep away from fire and excessive heat.
• Avoid intense physical shock, severe vibration, or impact.
• Protect from water or moisture.
• Do not disassemble the Z12 Galaxy or its battery.
• Contact Jetson Customer Support if there are any issues with the battery.

STORAGE
• Fully charge the Z12 Galaxy’s battery before storing and should be fully re-charged once a month there after.
• Cover to protect against dust.
• Store indoors, in a dry place.

MODIFICATIONS
Do not attempt to disassemble, modify, repair, or replace the product or any components of the unit without instruction from Jetson Customer Support. This will void any warranty, and can lead to malfunctions which may cause injury.

ADDITIONAL OPERATION CAUTIONS
Do not lift the product off the ground while it is on and the wheels are in motion. This can result in freely spinning wheels, which may cause injury to yourself or others nearby. Do not jump on or off the product, and do not jump while using it. Always keep your feet firmly planted on the mat sensors while in operation. Always check the battery charge before using.

DISPOSAL OF USED BATTERY
Battery may contain hazardous substances which could endanger the environment and human health. This symbol marked on the battery and/or packaging indicates that used battery shall not be treated as municipal waste. Batteries should be disposed of at an appropriate collection point for recycling. By ensuring the used batteries are disposed of correctly, you will help preventing potential negative consequences for the environment and human health. The recycling of materials will help to conserve natural resources. For more information about recycling of used batteries, please contact your local municipality waste disposal service.

Safety Warnings

• Before use, please read the user manual and safety warnings carefully, and make sure you understand and accept all the safety instructions. The user will be responsible for any loss or damage caused by improper use.

• Before each cycle of operation, the operator shall perform the preoperation checks specified by the manufacturer: That all guards and plugs originally supplied by the manufacturer are in place and in serviceable condition; That the braking system is functioning properly; That any and all axle guards, chain guards, or other covers or guards supplied by the manufacturer are in place and in serviceable condition; That tires are in good condition, inflated properly, and have sufficient tread remaining; The area that the product is to be operated should be safe and suitable for safe operation.

• Components shall be maintained and repaired in accordance with the manufacturer’s specifications. The use of unauthorized replacement parts with installation performed by dealers or other skilled persons.

• Do not carry items or people when riding, except children secured in a child safety seat or a child restraint system that is approved.

• Do not allow children to play with the product. Ensure that all safety labels are in place and understood before riding.

• Before each cycle of operation, the operator shall perform the preoperation checks specified by the manufacturer: That all guards and plugs originally supplied by the manufacturer are in place and in serviceable condition; That the braking system is functioning properly; That any and all axle guards, chain guards, or other covers or guards supplied by the manufacturer are in place and in serviceable condition; That tires are in good condition, inflated properly, and have sufficient tread remaining; The area that the product is to be operated should be safe and suitable for safe operation.

• Components shall be maintained and repaired in accordance with the manufacturer’s specifications. The use of unauthorized replacement parts with installation performed by dealers or other skilled persons.

• Do not allow hands, feet, hair, body parts, clothing, or similar articles to come in contact with moving parts, wheels, or drive train, while the motor is running.

• The user shall not expose the product to fire, flood, rain, or temperatures above 32°C (89°F) or below 0°C (32°F).

• Avoid sharp bumps, drainage grates, and sudden surface changes. Scooter may suddenly stop.

• Avoid streets and surfaces with water, sand, gravel, dirt, leaves, and other debris. Wet weather impairs traction, braking, and visibility.

• Avoid riding around flammable gas, steam, liquid, or dust that could cause fire.

• Instructors shall adhere to all of the manufacturer’s recommendations and instructions, as well as comply with all laws and ordinances: Units without headlights shall be operated only with adequate daylight conditions of visibility, and; Owners shall be encouraged to highlight the equipment with reflectors, turn signals, and other warning devices, or for low-riding units, signal flags on flexible poles.

• The following persons shall be cautioned not to operate: Those with heart conditions; Pregnant women; Persons with head, back, or neck ailments, or prior surgeries to those areas of the body; and persons with any mental or physical conditions that impair vision, hearing, or judgment. Operators must never operate the unit if they feel drowsy or are under the influence of alcohol, drugs, or medication. Operators must always be alert and in control of the unit.

• Do not ride at night.

• Do not ride after drinking or taking prescription medication.

• Do not carry items when riding.

• Never operate the product barefooted.

• Always wear shoes and keep shoelaces tied.

• Make sure your feet are securely placed on the deck.

• Operators shall always use protective gear when operating the scooter. Operators must wear protective equipment such as helmet, knee pads, and elbow pads.

• Always give way to pedestrians.

• Be alert to things in front and far away from you.

• Do not allow distractions when riding, such as answering the phone or engaging in any other activities.

• The product cannot be ridden by more than one person.

• When you ride the product along with other riders, always keep a safe distance to avoid a collision when turning, be sure to maintain your balance.

• Riding with improperly adjusted brakes is dangerous and can result in serious injury or death.

• The brake may become hot while operating, do not touch the brake with your bare skin.

• Applying brakes too hard or too suddenly can lock up a wheel, which could cause you to lose control and fall. Sudden or excessive application of the brake may result in injury or death.

• If the brake loosen, please adjust with the hexagon wrench, or please contact Jetson Customer Support.

• Replace worn or broken parts immediately.

• Check whether all safety plugs are in place and understood before riding.

• The owner shall allow the use and operation of the unit after a demonstration that such operators can understand and operate all components of the unit before use.

• Do not ride without proper training. Do not ride at high speeds, on uneven terrain, or on slopes. Do not perform stunts or turn abruptly.

• Recommended for indoor use.

• Prolonged exposure to UV rays, rain and the elements may damage the enclosure materials, store indoors when not in use.

California Proposition 65

WARNING: This product can expose you to a chemical such as Cadmium that is known to the state of California to cause cancer or birth defects or other reproductive harm. For more information go to www.p65warnings.ca.gov/product

NOTICE OF COMPLIANCE

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.

• Increase the separation between the equipment and receiver.

• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

• Consult the dealer or an experienced radio/ TV technician for help.

Shielded cables must be used with this unit to ensure compliance with the Class B FCC limits.
