

## EARTH SCENT MASKS HUMAN ODOR

- Thermacell® has added an earth cover scent to its mosquito repellent so hunters can now mask their own scent and keep the bugs away
- Place product upwind for maximum repellency
- Won't spook game. Smells like dirt

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **Pesticide Storage:** Store unused mats in original box in a cool, dry place inaccessible to children and pets. Store appliance and butane cartridges in original box in a cool, dry place away from sources of heat. **Pesticide Disposal and Container Handling:** Non-refillable container; do not refill or reuse this container. **If cartridge is empty or for used mats:** Do not reuse empty packaging, wrappers or cartridges. Do not puncture or incinerate empty cartridges. Place in trash or offer for recycling if available. **If cartridge is partly filled or for unused mats:** Call your local solid waste agency for disposal instructions. Never place unused mats down any indoor or outdoor drain. **For unwanted appliance:** Place in trash or offer for recycling if available.

### PRECAUTIONARY STATEMENTS

### KEEP OUT OF REACH OF CHILDREN

## CAUTION:

See side panel for additional precautionary statements.

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

### USEFUL TIPS:

- Allow 10 to 30 minutes, depending upon the size of the area, for product to take effect.
- Each mat lasts a maximum of 4 hours and each cartridge lasts a maximum of 12 hours.
- Mats turn from pale blue to white when repellent has been exhausted.
- Use one appliance for each 225 square feet or 15 feet in diameter.
- To change mats, make sure appliance is off and cool, then push used mat out by inserting a fresh one.

### Use Restrictions:

Only for outdoor use as an insect repellent. Do not use indoors, in tents or in any enclosed area. Do not insert anything other than Thermacell® mats into the appliance. Cover or remove all exposed food. Do not leave appliance unattended or use in windy conditions. Do not expose appliance or mats to rain. Do not attach appliance to your body or clothing. Place appliance on a flat, stable surface with the grill facing upward. Clean with a damp cloth only when the appliance is cool and inactive. Butane cartridges other than Thermacell® cartridges will not work in this appliance.

- 1.** Remove one Thermacell® mat from wrapper. One mat lasts a maximum of 4 hours. Mat turns from pale blue to white when active ingredient has been exhausted.

- 2.** Make sure the 'ON/OFF' switch on the appliance is in the 'OFF' position. Insert the mat under the appliance's black grill. To change mats, turn the 'ON/OFF' switch to 'OFF' and allow the appliance to cool completely. Push the used mat out by inserting a fresh one.

- 3.** Remove the appliance cover and butane cartridge cap.

- 4.** Screw the cartridge into the opening of the appliance. Make sure the cartridge is fully inserted by turning it clockwise until it stops. Replace the appliance cover. One Thermacell® butane cartridge lasts a maximum of 12 hours. If your appliance fails to heat, it may be out of fuel. Check the fuel level by holding the appliance vertically and looking at the fuel gauge on the bottom. You can see the amount of butane in the cartridge. Replace if empty.

- 5.** Turn the 'ON/OFF' switch to the 'ON' position; the butane gas will begin to flow.

- 6.** Wait approximately 5 to 10 seconds then depress the start button three to five times in rapid succession.

- 7.** To verify the appliance is operating, pick it up and check the lens on the end of the appliance. The light at the end of the appliance glows when the appliance is heating. If the light is not glowing, check to make sure the appliance is 'ON' and cartridge is completely screwed into place; then once again depress the start button three to five times in rapid succession. Check to make sure the light is glowing.

- 8.** Place the appliance on a flat, stable area, with the grill side facing up. Do not touch the grill; it will be hot after a couple of minutes. Some visible vapor will appear during use; this is normal. When finished using the appliance, turn the 'ON/OFF' switch to the 'OFF' position, and allow the appliance to cool completely. Appliance is now ready for storage.
