

## Bio-Shock™

1 Pound Bag Treats 1 Surface Acre. Apply to start the season and as needed.

## Bio-Buster™ Muck Reducing Pellets

Dosage Chart	Application Rate
Spot Treatment	1 Lb. per 4,000 Sq. Ft. once per month. Apply pellets directly to target area.
Full Pond Treatment	10 Lbs. per Surface Area once per month. Broadcast pellets evenly throughout the entire water body.

## Bio-Clear™ LQ Water Clarifier

Pond Size	Application Rate
1/4 Acre	1 Quart
1/2 Acre	2 Quarts
1 Acre	1 Gallon

- Apply once per month to aerated ponds. Apply every other week to non-aerated pond.
- Mix product in separate container with pond water. Apply in multiple spots around the pond.

## Blue Wing™ Pond Dye

Pond Size	Application Rate
1/4 Acre	1/4 Quart once per month
1/2 Acre	1/2 Quarts once per month
1 Acre	1 Quart once per month

- Pour Dye directly into the water in multiple spots. Dye will disperse on its own.
