Some Bunny loves you!!

I found your house thanks to the **yummy bunny bait** that lead me right to your door.

It was very easy for me to get inside because you left out the **Bunny Key**. I didn't have to squeeze through the keyhole this time which meant I could easily carry in your **Easter treats**.

I **loved the snacks** that you left out for me. I have been busy delivering so many eggs that it was nice to put my paws up and have a rest for a while.

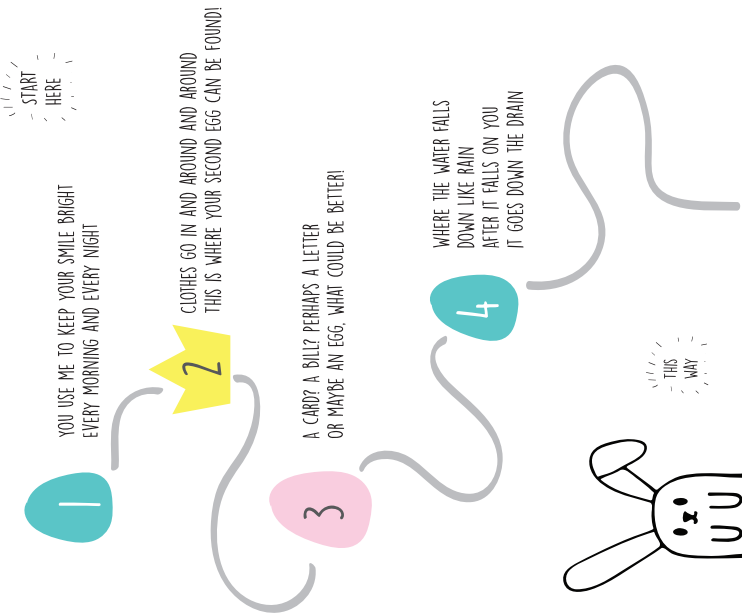

While you were snoring (very loudly hehehe) I have secretly hidden some Easter treats all around the house and have left **some clues** to help you find them - **Happy Hunting!**

Remember to always be kind, share your treats and have a **very happy Easter**.

Love from the **Easter Bunny**
