

THIS TUTORIAL DISPLAYS HOW TO CONFIGURE YOUR SHIPPING USING MULTIVENDOR IN 3 WAYS

1. FREE SHIPPING

- Log on to your dashboard go to Configuration>Shipping Configuration
- Click on the FREE SHIPPING Checkbox (which means no matter what the cost or weight, your shipping is always FREE)
- Click On SAVE to Save this Option

Next Option is Through MARKETPLACE SHIPPING which has 2 types

>Shipping By PRICE (value of the goods) or Shipping By WEIGHT

YOU CAN EITHER SHIP BY WEIGHT OR PRICE, NOT BOTH

AND FOR EACH YOU NEED TO ADD THE RANGE VALUES

Shipping Configuration

Here are your shipping configuration.

SHIPPING RANGE DETAILS

Note :

Shipping Range is very important for a shipping method. You cannot access a shipping method without any shipping range. So you have to set atleast one range for the shipping method. You can set upto a maximum of eight ranges for a shipping method..

Here's an example to understand the lower and upper limits of a defined range:

Range 1 (1-10lb) - here the upper limit is 10.99lb

Range 2 (11-20lb) - here the upper limit is 20.99lb

So, product A of weight 10.75lb will be covered under the range 1 (1-10lb)

You need to set a Range [Add Range](#) +

2.SHIPPING BY PRICE:

- In this option you can choose the RANGE of price of the TOTAL order and set the shipping accordingly
- Go to Based on PRICE

- There might be a case where you want to offer FREE SHIPPING beyond a certain AMOUNT
- This can be achieved by making a range starting from the last price you want to charge to a very big number and then making the shipping price 0 for it.
- Eg free shipping on order over £50.00 add a range of 51.00 - 1000.00 and add price '0' (zero)
- Eg free shipping on orders over £600.00 add a range 601.00 - 10000.00 and price '0' (zero)
