

BOKEN PLUS

TUBELESS READY

650b

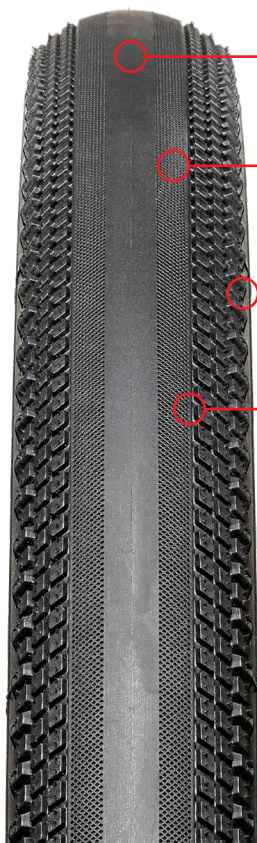

TRACTION & SPEED ON ANY SURFACE

The **Boken+** is a 650b multi-surface tire with a four part tread for smooth riding performance on any road. **Boken+** tires are tubeless-ready, offering the flexibility to run with a tube or without. Running tubeless ready allows for lower pressures which provides better grip and faster rolling over rough surfaces, and a more comfortable ride.

The 650b size preserves the handling characteristics of your bike while giving you the tire volume to tackle any surface.

SIZE	BEAD	PSI	WEIGHT
650b×42	ARAMID	40-50	535g
650b×47	ARAMID	40-50	570g

Smooth center tread for speed on the tarmac

Inverted micro-diamond pattern for wet traction

Hollow centers on blocks give maximum flex and grip

Ultra-gummy compound for insane bite on nasty obstacles
