EDUCATION ENVIRONMENTS

are our business.

It's what we do
and we do it well.
And it's what we've
done for 50 years.

We work hand in
hand with our clients
to ensure we create
educational spaces
where everyone can
achieve their best.

WE DO OUR HOMEWORK

Over the last 50 years we have worked with primary and senior schools, multi-academy trusts, further and higher educational establishments and universities.

This means we understand the particular challenges educational organisations face; challenges which continue to evolve as the sector adapts to the varying needs of children and young people. Throughout these challenges we have remained committed to our belief that educational spaces should be enjoyable places to work, play and learn.

"The team work very closely with you to understand what you want and need."

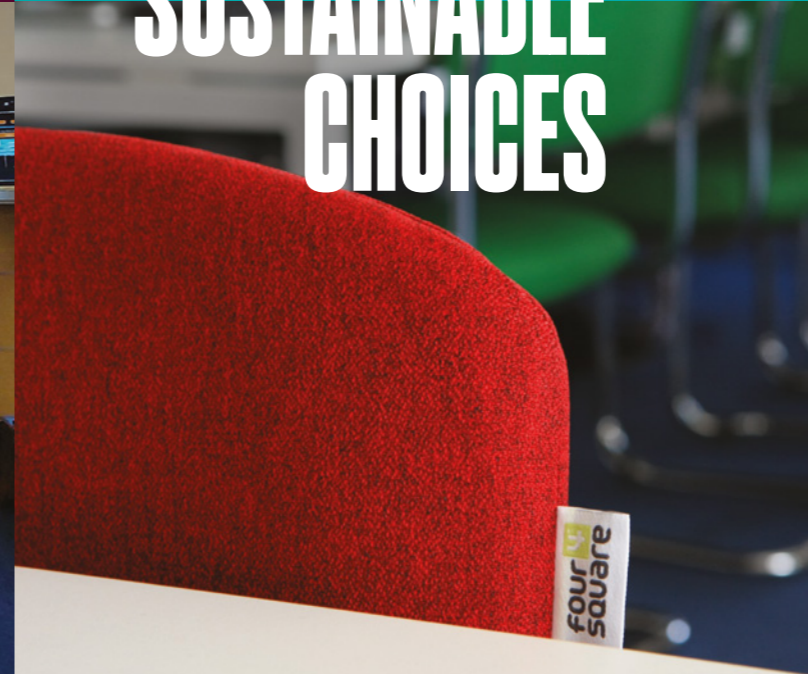

Clare Smith, Consultant,
Ruislip High

The way space is made, planned and furnished for education is profoundly important.

WE MAKE SUSTAINABLE CHOICES

Where possible we source products and materials locally and recommend furniture options which are long-lasting and planet-friendly. We work in partnership with our clients to minimise waste and reduce unnecessary delivery journeys.

WE LET OUR IMAGINATIONS RUN WILD

Clients come to us for our creativity as well as our quality. Our design expertise, project management skills and experience enable us to generate innovative ideas and then deliver projects smoothly and painlessly.

We care. People and the human experience are very important to us, it's part of our family values as are principles and ethics. And to always be friendly, considerate and absolutely honest.

OUR SERVICES

Every school is different so all our work is bespoke.

INITIAL FREE
CONSULTATION

We listen carefully to your brief and ask a lot of questions to get a deep understanding of what you need from your space.

SPACE PLANNING
AND DESIGN

Working collaboratively with you, we develop 2D drawings of the design so you can clearly see how your finished space will look.

PROJECT PLANNING
AND INSTALLATION

You will have a dedicated team looking after your project from start to completion so you can get on with your real job, stress-free.

POST PROJECT
SUPPORT

We want you to be 100% happy, which is why our support continues after the project is finished and are always on hand to fix any snagging issues.

“It was a painless experience and Four Square worked with us to get the area in play quickly. We appreciated their honesty and openness during the project.”

Ian Bartholomew, Head of Estates, New City College

EVERY SCHOOL IS DIFFERENT SO ALL OUR WORK IS BESPOKE

We believe partnership and collaboration always achieve the best outcomes. What matters to us is that your investment and commitment really does work for you, is never regretted and stands the test of time.

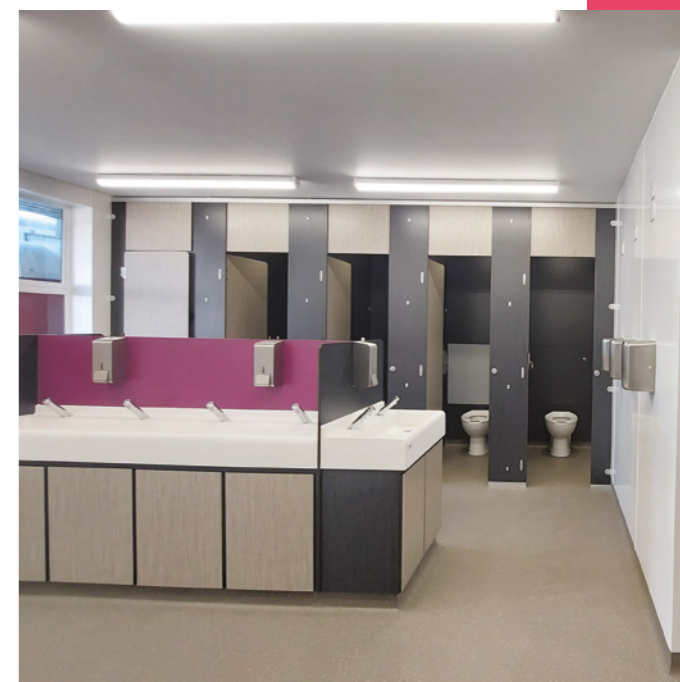

Our range of services include:

- Education estate planning
- Space, project and costs consultancy
- Design
- Specification and tender management
- Project planning and management
- Project implementation, fit-out, build and FFE installation.

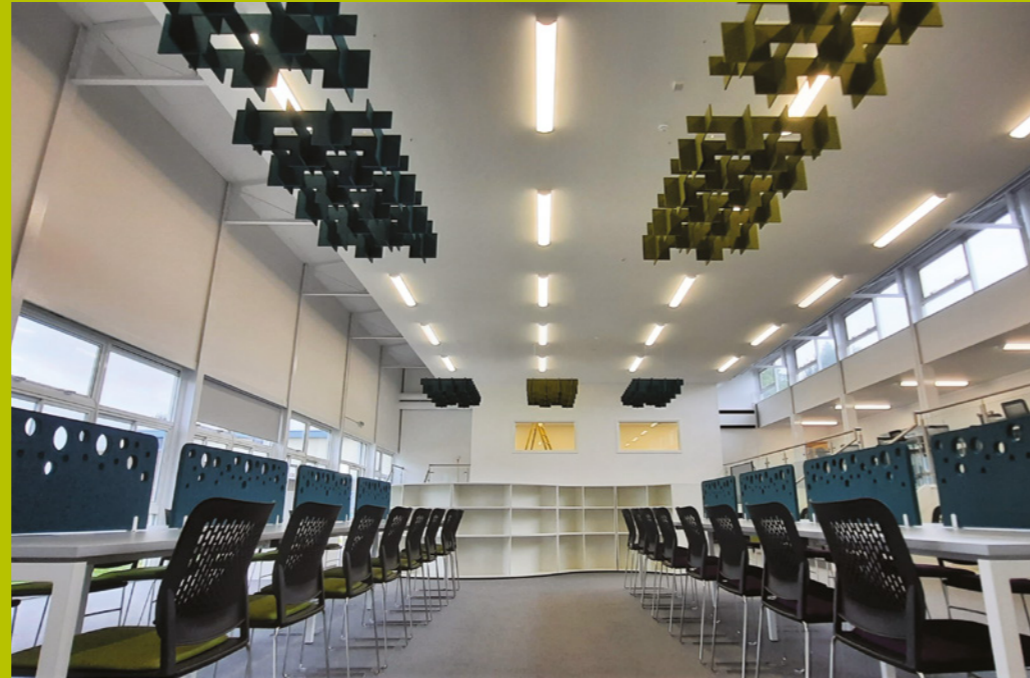

Very good customer service, good prices and good after sales. Always very helpful."

Gary Nicholls, The Bushey Academy

Working with Four Square Furniture is a real partnership. Four Square Furniture staff really do listen and have immense patience to work and then re-work a scheme many times over until the 'look' (and budget) is achieved.

Claire Hayes, Bourne Education Trust

Whether you're looking ahead, or you have an immediate need, why not let our experience and creative thinking work for you.
