

12 ADVENTURES FOR 2019

AS WE RIDE OUR WAY INTO 2019 IT'S TIME TO START PLANNING THE YEAR'S ADVENTURES, SO WHAT BETTER WAY TO GET YOU INSPIRED THAN A GRAND SHOWCASE OF SOME OF THE BEST TWO-WHEELED TOURS AND EVENTS ACROSS THE GLOBE

6 THE ALPS MOTORCYCLE TOUR

What is it?

This epic tour will take you on a circle from Calais, through the iconic Black Forest of Germany before dropping into the Alps where you'll tick off the biggest and best passes, before hitting the French Riviera. After this, you'll head north until you eventually reach Champagne. From Champagne it's a blast back to the UK via the Euro Tunnel.

Why should I do it?

If you're looking for a guided tour that takes in the best roads that the Alps has to offer, this is it. For 13 days, you'll twist and turn your way up and over the highest and most remarkable mountain roads in Europe, all the while soaking in the world-class views that the Alps have to offer.

What level of experience do I need?

You'll be riding over numerous, intense mountain passes that'll demand your full attention, and while there's no off-road on the trip you'll need to have the bike fitness to remain in the saddle for 13 days (though there are two rest days).

How can I do it?

The Alps Motorcycle Tour runs between 12-14 July 2019, and costs from £1,250. Included in this is a return crossing on the Euro-Tunnel, 12 nights' accommodation and two experienced guides. Head to www.motorcyclertours.co for more info.
