

CLIFF HANGERS

The Sorinex Cliff hanger is rack attached adjustable pull-up handle. It boasts indexing handles that rotate and lock at 45-degree increments for 8 different positions/angles. These handles brings the functionality of our Sorinex Indexing Chin Bar inside or outside of the rack at a lower price point with room for modularity. Attach to High Bridges or to the front, rear, inside or outside of the Base Camp, XL Series, and Dark Horse Racks for variable function and storage. Utilize the Sorinex Cliffhanger for pull-ups, hangs or holds. Attach directly to Sorinex Full or Half Safety Bars for dips.
