

# DAISY CHAINS

The Sorinex Daisy Chains are made of 1" Double Stitched Nylon Webbing for durable and long lasting chains that protects the finish on your equipment and floor. Attach to belts or handles with monster chains for weighted dips, chins, and drags. Attach to a barbell with monster chains for varying loads during movement. Use Daisy chains with a band for added resistance to your Jammer Arms for presses and rows. Daisy Chain Nylon loops are great rack accessories that add more variety to your workouts.
