

# DUCTILE IRON KETTLEBELLS

The Sorinex Ductile Iron Kettlebell is a step above similar products. Sorinex Ductile Iron Kettlebells® are made of ductile iron as opposed to cast-iron, which is more prone to cracking when dropped on hard surfaces. Ductile iron is a more expensive material, but we strive to ensure the highest quality of all our products. The Sorinex Ductile Iron Kettlebell has a 10 Year Warranty.
