

IRON BEAR™ MULTISTORAGE UNIT

The Sorinex Iron Bear™ is the ultimate storage unit. Configurations and options vary from simple dumbbell, kettlebell, and med ball storage to complex anchoring points and one-of-a-kind storage solutions. Heights vary from 4' to 8' depending on your configuration and can accept 2-6 levels of storage trays.

The Iron Bear is built with the same 3" x 3" materials as our Base Camp™ and XL Series™ racks. Attach a Jammer Arm™ for JxSquat™ Belt Squats, Cable Columns or Lat Pull/Low Rows, and unique branding solutions. The Iron Bear sides are built with 4 Vertical Bar Storages that can also be used for Landmine™ drop-ins. Attach Utility Pins for Bumper Plates, bands, or weight vest storage.

Connect your Iron Bear to your rack or rig with a High Bridge, Low Bridge, or Mega Bridge for increased support and versatility.
