

ROOT HOG™ SLED

The Sorinex Original Root Hog Sled is the most versatile strength training sled on the market. The sled base is 1/4" thick steel plate that is durable enough to be used on anything from asphalt to turf. The Root Hog's Reversa™ Bar Technology allows for quick and easy change of direction for sled pulls. Includes two removable 26" push uprights to make changing directions effortless. Also comes with a 41" long Lawnmower handle, making it great for football pushes. Includes 10" Cordura Strap with a Carabiner to give you numerous options for sled training with one product.
