

# SORINEX STANDARD SERIES PERFORMANCE BAR

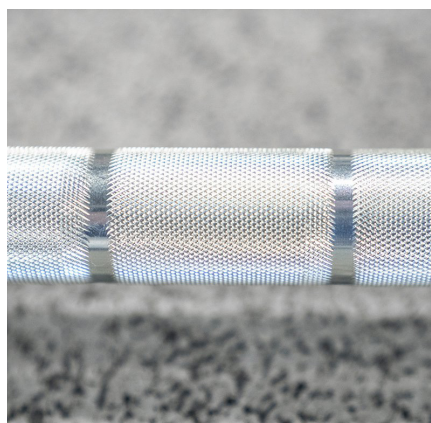

The Sorinex Performance Bar is our favorite all-around barbell. Simplified and perfected performance that you can rely on. Clear bright zinc, one-piece sleeves are pressed, machined and plated for high-performance output and strength. Built to International Weightlifting Specifications. The Sorinex Performance Bar has upgraded bronze bushings & more aggressive medium knurl pattern. A noticeably positive difference when performing Olympic Lifts. The Performance Bar Shaft (190K PSI) comes in either Black Zinc or Bright Clear Zinc coating. 100% Made in the USA. Custom options available.
