G'day all you wonderful members of Navy Yacht Club Long Beach.

Here we are into the second half of the year. The time is passing so quickly I have a hard time believing there are only 5 months left in the year and there is so much on our calendar to accomplish. It just seems unbelievable. July was packed with so much to do. Our Friday night potlucks are well attended by so many members. What seems to draw every one to Friday nights is having different things on different nights, such as introduction to new members night and birthday night and having a theme for at least one Friday night. A new event that was well received was movie night. Seal Beach Yacht Club brought their projector and screen and we spread out on the grass to watch the movie. I think if we advertised it better, we could have quite a crowd. Another new event was the Summer Sunday BBQ, grill your own entrée and the club provides salad and side dishes for a small \$5 fee. It was well attended, and folks were pleased with it and agreed we should do it regularly. So, we will do it at least once a month for the summer. The big event in July was the Big Bang on the Bay Sunday July 3rd. It was splendid. We had more than 80 attendees who enjoyed catered food and the best site to watch the fireworks over the bay. Lots of very happy people watched the show from our club site. I conducted a wine tasting Saturday July 23. It was a blind tasting. We had 38 attendees who all agreed it was a great event and wanted to do it again sometime. All left over wine was consumed at the end of the event. I think it could become an annual event. I had a private event at the club Saturday, July 2nd. It was the fifth anniversary of our wedding, Joyce and I. We were married on the yacht club property July 8, 2018. Past Commodore Victor Padilla officiated the ceremony. What a wonderful day with many happy memories.

August will also be a busy month so read all the way to the end of Scuttlebutt, see the event flyers and register online early. That does two things. It gets you on the invitee list (you don't want to miss out do you). Second it helps us to order enough food and beverages for all attendees. Do register early for Salt and Lime Tequila Time. It was a smashing success last year and you don't want to miss this one. Becky B did an outstanding show last year, so I'm sure it will be great this year.

HELP WANTED::::: If you are an accountant with experience preparing commercial taxes please contact me Rodney Coomber, Commodore, Navy Yacht Club Long Beach 714-488-2064 anzac1240@yahoo.com.

Wishing you all calm seas and gentle breezes.

Rodney Coomber, Commodore

Ahoy Membership,

Summer is now in full swing and so is the Navy Yacht Club. July was packed with exciting events, starting with our Red, White & Blue themed potluck, the Big Bang on the Bay celebration, Movie Night with SBYC, Summer Sunday BBQ (BYO meat) kickoff, and finally but not least wrapping up with Rodney and Joyce 2nd Annual Wine Tasting. A fine way to wrap up a truly great month at the club!

Also in July we celebrated the birthdays of a whopping 21 members (15 Cancer and 6 Leo):

Cancer (July 1-22)

Bradford Benton, Lenard Eckhardt, David Hess, Robert Hess, Trisha Jackson, Anthony Kubis, Terry Kyle, Gabriel LaMartina, Gregory Lutes, Christopher Mewes, Rebecca Ore, Bernard Smith, David Stancil, Dale Woodward, Turgut Yonar

Leo (July 23-31)

Robert Endresen, Kirby Holt, Kerry James, George Miller, Kenneth Overfield, Joya Ryerson,

Congratulations on another trip around the sun!

This month we kick it off with our Elvis-theme Potluck on August 5th, then continue with our second of three Summer Sunday BBQ event on the 7th, and the very popular Salt & Lime, Tequila Time! event on the 20th, organized by our Treasurer Beck Byrum. These are all listed on our website, so check them out and join us as your schedule allows.

I'm looking forward to seeing you all at the Club soon.

Cheers,

Captain Charles

Rear Commodore Elena Yuasa

Ahoy Membership,

July was another great month. NYCLB is thrilled to have eight new members joining our boating family this month. Please welcome our members and make them feel at home and let them know that they have joined the best yacht club in Southern California.

REMINDER : Our NYCLB Directory is now available for pick up. I placed them in a box and they are sorted by Last Name. The box is located in the clubhouse. As in previous years, all members will receive a copy. (One copy per member). All members will be required to sign our NYCLB Directory Distribution Log to ensure that all copies were distributed accordingly. If you are a nonresident of Orange County or Los Angeles County your copy will be sent to your home address. Please email me at novapower2@gmail.com stating your name and home address. I am currently mailing out directories to members that reside out of the area, if for some reason you did not receive your copy, please email me.

Talking about parties we had an outstanding party this past month. July 3rd The Big Bang on the Bay was a great success. This is one of our annual events. Attendees enjoyed watching vintage aircraft flyovers and the spectacular fireworks from our own club house.

Another fun event in July included a blind wine tasting afternoon organized by Rodney and Joyce Coomber. Thirty-two members participated in this event, each of whom received a flight of five wines and a pre-packaged container of cheese, nuts, crackers and grapes. The event was a lot of fun. Trying to guess the type of wine was interesting and sparked a lot of conversation amongst attendees.

Safety & Seamanship – Nautical Rules of the Road

When two vessels encounter each other on the water, rules exist to minimize the risk of collision. But which rules apply to who and when?

All vessels are required to abide by the “Rules of the Road.” These rules were developed by the Convention on the International Regulations for Preventing Collisions at Sea in 1972 and became effective on July 15, 1977 (with amendments in 1983 and 1989) They are commonly referred to as “72 COLREGS” or “IRPCAS”. These rules apply to “all vessels on the high seas and in all waters connected therewith navigable by seagoing vessels”. In 1980, the U.S. adopted these rules (with some differences) as the U.S. Inland Navigational Rules, applicable to “all vessels upon the inland waters of the United States, and to vessels of the United States on the Canadian waters of the Great Lakes to the extent that there is no conflict with Canadian law.” COLREGS demarcation lines are printed on nautical charts to show mariners in the U.S. whether they’re under the International or Inland Rules.

The rules require all mariners to:

Maintain a proper lookout by sight, hearing and other available means at all times [Rule 5]

Proceed at a safe speed, considering the conditions [Rule 6]

Determine risk of collision with another vessel and take action to avoid collision. Actions should be positive, readily apparent to the other vessel, made in ample time and seamanlike [Rules 7 & 8]

Part B, the Steering and Sailing Rules, gives additional guidance on how vessels may avoid collision. It is important to note that the rules assign **responsibilities**, not rights. The term “right of way” is not used in the Navigation Rules. A boat is either “give-way” and obligated to keep out of the way, or “stand-on” and obligated to maintain her course and speed so that the give-way vessel knows what action she must take. However the stand-on vessel must take action to avoid collision if the give-way vessel is not taking sufficient action [Rules 16 & 17].

The Steering & Sailing Rules tell us how boats are to maneuver when a risk of collision exists. In summary:

An overtaking vessel is always give-way (this overrides the rules below) [Rule 13]

Power-driven vessels must keep out of the way of sailing vessels (with exceptions for large vessels in narrow channels) [Rule 18]

Between sailing vessels under sail (not motoring – engaging the engine makes you a power-driven vessel), a boat on port tack must keep out of the way of a boat on starboard tack. If on the same tack, windward is give-way [Rule 12]

Between power-driven vessels in a crossing situation, the vessel to starboard is stand-on, the vessel to port is give-way (“red light stop, green light go”) [Rule 15]

In a head-on situation, default is to alter course to starboard so as to pass “port to port”. Starboard to starboard passage is permitted only if both boats agree [Rule 14]

A copy of the Navigation Rules can be downloaded from

<https://nauticalcharts.noaa.gov/publications/coast-pilot/docs/NavigationRulesStandardSize.pdf>

(did you know - if your boat is longer than 39.4 feet (12 meters) you are required to have a copy onboard while operating your vessel? A PDF on your phone or tablet meets this requirement. Hard copies can also be obtained online or at many chandleries).

NYCLB Cruising Program

A Fall Cruise Out is being planned for the weekend of September 16-18 to Cabrillo Beach YC in San Pedro. See the flyer below and on the website. Contact the Fleet Captain if you're interested in participating and especially if you'd be willing to volunteer as Cruise Captain.

Passagemaker Trophy

The Passagemaker Trophy is awarded to the Navy Yacht Club Long Beach member who has made the longest cruise during the year. If you believe you're eligible or know of another member who should be considered please let me know. Please provide a brief description of the passage including dates, destinations and distance sailed. A winner will be selected and the trophy will be awarded at the General Meeting in November.

Trident Competition

We have learned (thanks to Deborah Larson-Tyhurst) that the large cannon trophy that was recently recovered from storage at NWS Seal Beach is the Keith Morgan Memorial Trophy for participation in sanctioned racing events. The winner of the Trident Competition will have their name added to the Keith Morgan trophy.

Jr. Staff Commodore Be

Hello Membership,

We are now more than half-way through the year and you know what that means! It's time for many of you to start considering running for a NYCLB Board of Directors position for 2023! Members will be asked to vote for our Flag Officers: Commodore, Vice-Commodore, Rear Commodore, and Fleet Captain, as well as four Directors.

Soon everyone will receive a request for nominations and letters of interest. If you would like to be considered for a position on the Board of Directors, please consider submitting a letter of interest. It does not obligate you at this initial stage, and it gives the Nominating Committee useful information to help them choose the best candidates for our Board of Directors. Election process details will be emailed to all membership for consideration.

If you are interested in running, you may find it helpful to review the complete Bylaws of the club, located in your club roster. In addition, please refer to position descriptions of the Board positions as stated in the NYCLB Bylaws. It is the responsibility of the Board of Directors to attend monthly meetings and to "exercise the corporate power of the club" (see ARTICLE VI, Section 2). The Board of Directors meets monthly and may have additional duties requested by the Commodore and/or the Board of Directors I invite you to contact me if you have any questions or want additional information.

Sincerely,
Becky Martinez
