## Speed Freak: 11 Beauty Treatments That Work in 3 Minutes or Less

We live in a world obsessed with time, particularly how little we have of it. ("Omg, you're so busy" is almost a compliment.) This means a lot of things slide because we don't think we have time for them, and that includes much-needed beauty treatments.

This is why products that work quickly are pretty much making our lives right now. There are products that can address any number of beauty concerns and they work FAST: three minutes or less! Don't think you have time for proper skin and hair care? Actually, you do. Here are some beauty tools that can help you pamper properly AND promptly.
