NOTE: 1 3/8" (35mm) diameter faucet holes are pre-scored. The installer can knock out up to 5 faucet holes.

NOTE: Although Kraus granite and quartz composite sinks are highly heat resistant, placing hot items right from the stove or oven directly into the sink may cause surface discoloration. Consider using a trivet or rolling mat for extremely hot items to avoid potential heat damage.

NOTE: It is not recommended to install this sink with a negative reveal. Doing so will prohibit the use of any workstation accessories as they will not fit.

Warranty

Kraus Limited Lifetime Warranty
